

NINE AVIATORS KILLED IN SHAM AERIAL FIGHT

Catastrophe Follows Aeroplanes
Mimic Attack on Dirigible
During Maneuvers

PUNCTURES BIG GAS BAG

Nose of Austrian Biplane Rips En-
velope of Airship Wide Open—Ex-
plosion Wrecks Both Crafts

ACCIDENT DUE TO THE WHIRLWIND

VIENNA, June 20.—Nine terribly
burned and mutilated bodies, the
splintered fragments of an aeroplane
and the charred remnants of a big
dirigible balloon are the mute rec-
ords of one of the most tragic dis-
asters which have occurred since
man learned to fly.

The catastrophe followed a mimic
attack by the aeroplane on the dir-
igible at a great height during the
Austrian army maneuvers.

The dirigible military balloon
Koertling left Fischamend, eleven
miles from Vienna, manned by Cap-
tain Johann Hauswirth in command,
Lieut. Ernst Hofstetter, Lieut. Bru-
er, Lieut. Haidinger, Corporal Ha-
dima, Corporal Weber and Engineer
Kammerer.

At the elapse of half an hour a
military biplane, with Lieut. Platz
and Lieut. Hoosta aboard, started
in pursuit.

It was the intention of Capt. Haus-
wirth to keep out of range of any
of the mosquito craft which might
seek to attack him.

The news had gone abroad that a
sham aerial fight would take place
and at Koenigsberg, the scene of the
engagement, a big crowd had gath-
ered.

Very quickly the smaller but
much speedier craft overtook the big
airship. As might a wasp bent on
attacking some clumsy enemy, the
aeroplane circled around the balloon,
now darting close, then away, al-
ways apparently steering off just in
time to avoid a collision. The bal-
loon continued to rise until it was
about 1,300 feet from the ground.
The aeroplane maneuvered until it
appeared nearly over the airship.
Then it began its descent. It was
the evident intention of the pilot of
the aeroplane to take up a position
directly above the dirigible within
striking distance, but owing either
to a fatal miscalculation of the dis-
tance separating the two craft, or
of speed, the nose of the biplane
struck the envelope of the airship
and ripped it wide open. A tremen-
dous explosion followed, the balloon
burst into flame, which enveloped
the biplane, and in a moment the
wreckage began to drop, crashing
at length like lead to the slope of
a hill. Almost the same moment the
wife of Lieut. Hofstetter, who had
been married only a month, arrived
in a motor car.

The envelope of the balloon was
still burning when it struck the
ground. Lieut. Platz, when extri-
cated from the wreckage of the aer-
oplane showed faint signs of life,
but almost immediately he expired.
All the other aviators were killed on
the spot.

Military officers said the maneu-
vers had been undertaken with in-
structions to carry out as far as
possible war conditions in which an
aeroplane was attacking a dirigible.

According to some experts the
catastrophe seemingly was caused by
the aeroplane being caught in the
eddies from the balloon. They at-
tributed the accident to a species of
whirlwind caused by the airship's
propeller, which drew in the smaller
machine.

CHURCH COMMISSION ON RELATIONS IS ANNOUNCED

Members of Commission on Ameri-
can relations with Japan are
Named by Federal Council.

New York, June 20.—The com-
mission on American relations with
Japan, whose creation by the fed-
eral council of the churches of Christ
in America, an organization of the
thirty leading Protestant bodies in
this country was announced on June
14th, has been constituted with the
naming of fifteen members of the
federal council it was made known
tonight.

They are: Rev. Charles W. Brown,
Prof. Charles Henderson, Ham-
ilton, Holt, The Rev. Albert G. Law-
son, Bishop Francis J. McConnell,
The Rev. Frank Mason North, Robert
E. Speer, the Rev. William I. Haven,
Bishop E. R. Hendrix, Prof. Jer-
emiah W. Jenks, the Rev. Frederick
Lynch, John R. Mott, the Rev. Dor-
mund Scudder, George E. Vincent and
Amos P. Wilder.

The study and promotion of the
right relationship between the two
countries from the christian stand-
point in the declared object in the
creation of the commission.

DENIES REUF PARBON.

San Quentin, Cal., June 20.—The
state board of prison directors to-
night denied a pardon for Abraham
Reuf, former political boss of San
Francisco, serving a fourteen year
sentence for offering a bribe.

NINETY-FOUR BODIES OF CANADIAN MINERS REMOVED

ALL HOPE OF RESCUING EN-
TOMBED MINERS IS ABANDONED

Work of Exploring Hillcrest Mine
Goes Forward Rapidly Under the
Direction of the Government Mine
Experts—Tons of Debris Block
All Passages.

LETHBRIDGE, Alta., June 20.—
The bodies of 94 of the 197 miners
wrecked when a terrific explosion
wrecked the inner workings of mine
No. 20 of the Hillcrest (Alberta)
colliers, limited, yesterday, had
been removed to the surface to-
night. All hope of rescuing alive
any of the remaining 103 members
of the ill-fated crew had been aban-
doned.

Under the direction of the gov-
ernment mine experts the work of
exploring the mine went rapidly
forward today and at nightfall the
workers had penetrated several hun-
dred feet into the mine.
Many of the bodies recovered to-
day were dug from the debris, tons
of which blocked all passages. Ot-
her bodies were standing erect,
pinned to the wall by timbers.
Mine experts tonight were of the
opinion that the remaining bodies
would be found 1,200 feet or more
from the mouth of the pit, basing
their belief on the statements of
those who escaped death.
That the explosion was due to the
forming of gases in the lower levels
of the mine has been generally ac-
cepted. Virtually the entire male
population of the mining camp was
killed in the disaster.

BOSTON LAWYER IS SHOT TO DEATH BY HIS WIFE

Woman Pleads Guilty and Asserts
Court Would Not Understand if
She Told Her Reasons for the
Shooting.

Exeter, N. H., June 20.—Henry
Folsom, Boston lawyer, was found
dead with a bullet in his head on
the road between here and New-
market today. His wife was stand-
ing over the body with a revolver
in her hand, according to the po-
lice.

She was arrested and the police
say she admitted she fired the shot.
"I did it because I loved him,"
she is alleged to have told the po-
lice.

The Folsoms have a summer home
at Newmarket.

Mrs. Folsom has been there sev-
eral weeks. She came to Exeter to-
day and met her husband, who ar-
rived on an afternoon train from
Boston.

After a hearing before Judge Ed-
ward Mayer, Mrs. Folsom was held
for the grand jury of the October
term of court. She pleaded guilty
and said the court would not under-
stand if she told her reasons for
the shooting.

"I have no case," she said.
Chief of Police Davis testified that
when he asked Mrs. Folsom why she
shot her husband, she answered:
"So he would marry no other
woman."

According to the police, Mrs. Fol-
som, who at the time of the shoot-
ing was seated behind her husband
in a double seated car, emptied
the contents of a five-chambered re-
volver into his body.

Mrs. Folsom went quietly with the
officers when arrested and although
she appeared to be laboring under
suppressed excitement, declined to
make any extended statement.
Friends say that she has been act-
ing strangely for several weeks.

She was committed to jail at
Portsmouth to await the action of
the October session of the grand
jury.

BRINGS SUIT AGAINST SON OF FORMER PRESIDENT GRANT

Wife of Jess R. Grant Seeks to Com-
pel Payment of Larger Sum for
Her Support.

New York, June 20.—Jessie W.
Grant, son of former President U.
S. Grant, was today named as de-
fendant in a suit brought by his
wife Elizabeth Grant to compel the
United States Trust company, as
trustee under the will of Julia Dent
Grant, his mother, to pay her a sum
sufficient to support her "in a man-
ner befitting the income and posi-
tion of her husband."

The complaint states that from
1880 until 1902, when the widow
of the former president died, the de-
fendant and his wife lived at the
home of his mother, who supported
them. Mrs. Grant alleges that after
the death of her mother-in-law her
husband abandoned her. Since 1910
she asserts, the son of the former
president has given her \$1,000 and
that during this period her husband
has received an income of approxi-
mately \$5,400 a year.

CALIFORNIAN WINS.

Forest Hills, N. Y., June 20.—R.
Lindley Murray, the young Califor-
nia player from Leland Stanford
University, won the Metropolitan
singles tennis championship here to-
day on the clay courts of the west
side club. In the final of the tour-
nament Murray beat the veteran F.
B. Alexander, 6-8, 7-5, 7-5, 2-6, 6-4.

Philadelphia, June 20.—George
Chalmers, of the Philadelphia Na-
tional league club's pitching staff
was given his unconditional release
tonight. Chalmers is said to have
offers from the Chicago and other
National league clubs but will not
sign with any team for the pres-
ent.

WILSON ASSERTS PEACE OUTLOOK IS MORE HOPEFUL

President Authorizes Statement
After Long Conference with
Argentine Minister, Dr. Naon

HOPE BASIS UNEXPLAINED

Washington Officials Give No Formal Ex-
planation of Basis of Their Hopes For
Success of the Mediation Conference

TO HOLD JOINT CONFERENCE TOMORROW

WASHINGTON, June 20.—Presi-
dent Wilson today authorized the
statement that the outlook for suc-
cess of mediation in the Mexican sit-
uation was more hopeful than ever.
He made known this attitude in view
of his conference last night with one
of the South American mediators,
Dr. Naon, the Argentine minister.

Secretary Bryan also declared that
hopes for success of mediation were
no means blasted despite the ap-
parent diplomatic deadlock at Niag-
ara Falls. Officials here would give
no formal explanation of the basis
of their hopes but they indicated that
joint deliberations between the medi-
ators and representatives of General
Huerta and the United States would
be resumed Monday.

Mr. Naon's return to Niagara Falls
resulted in postponement of the next
joint conference until Monday.

The elopement in the ranks of the
constitutionalists chiefly the break
between General Villa and General
Carranza over military operations
against the Huerta government in
Mexico were reported here to have
opened the way for a break in the
mediation deadlock.

President Wilson is declared to
have explained thoroughly to Mr.
Naon why the United States insisted
upon the selection of a man for
provisional president of Mexico who
would be acceptable to the revolu-
tionary element in the southern re-
public. The chief reason for this
insistence was reported to be that
the revolt against the present form
of government in Mexico never could
be stemmed unless there was actual
reform.

If the government of Mexico
should not be re-organized now it
was argued that war and horrors of
war would continue until such re-
organization was accomplished. Gen-
eral Huerta was declared to be will-
ing to yield to the common enemy should
personal ambitions be waived.

General Carranza, also was report-
ed to be willing to accept a provision-
al government that would supervise
a constitutional election and even
General Villa was said to be willing
to substitute reason for bullets to
restore Mexico to its own people.

That General Huerta's delegates at
Niagara Falls, with assurances of
co-operation from responsible lead-
ers of the revolutionists could be
induced to yield to the position of
the United States in the crisis, was
believed in official quarters here to
be probable.

Will Prolong Proceedings.

Niagara Falls, Ont., June 20.—As
a result of the visit of Minister Naon
to Washington to confer with the
President and Secretary Bryan the
Mexican mediation proceedings in-
stead of adjourning abruptly as had
been expected, will be prolonged for
perhaps another week. Dr. Naon
brought back a spirit of optimism
and some new ideas. It was an-
nounced that there would be no
conferences until Monday.

The determination which seems to
have been reached is to keep the
mediation board from formal ad-
journment, though there may be a
recess in another week or so while
the search is continued for persons
eligible for provisional president ac-
cording to the ideas set forth in
the conferences.

PRESIDENT'S DAUGHTER TO HAVE ACTIVE PART IN WORK

Miss Margaret Wilson to Have
Charge of Section in Social Center
Magazine.

Madison, Wis., June 20.—Miss
Margaret Wilson, daughter of the
president, will have charge of the
section devoted to community music
in a social center magazine to be
launched here today. This was de-
cided here today at conference of
the prospective editors.
Before she permitted her name to
be used, Miss Wilson exacted a
promise that she be given something
to do and not be a figurehead. The
first number of the magazine will
issue in August, with the home office
in Madison. Ed. J. Ward of this
city will be editor in chief, and
Grant M. Hyde of the University of
Wisconsin will be manager. There
are nine associate editors.

WILL MEET IN CHICAGO.

Danville, Ills., June 20.—Chicago
was chosen as the next meeting place
and the following officers elected by
the Illinois Electric Contractors' as-
sociation today at the closing session
of their convention: President, W.
J. Ball, Moline; Vice President, John
T. Marron, Rock Island; Secretary-
Treasurer, E. J. Barnes, Rock Is-
land.

INDIANAPOLIS RATE IS SUBSTITUTED FOR CHICAGO

CHICAGO RATE WAS CAUSE OF
MUCH M. W. A. INSURGENCY.

Insurgents of Convention at Toledo
Lose in Their Fight to Have Sal-
aries of the Head Officers Reduced—
Annual Salaries Are Voted the
Officers.

TOLEDO, O., June 20.—The Indi-
anapolis insurance rate was substi-
tuted for the Chicago rate in the by-
laws of the Modern Woodmen of
America by the tri-ennial convention
of the order in session here today.

The Chicago rate, which is higher
than the Indianapolis was the cause
of much insurgency. Among the
speakers who urged the repeal of
the higher rate were John Dennison
of Dubuque, Iowa, and Truman
Plantz of Warsaw, Ills. W. A.
Northcott of Springfield, Ill., spoke
against the repeal.

The insurgents of the convention
lost in their fight to have the salaries
of the head officers reduced. Their
proposal to decrease the officers' pay
about one-half, was defeated by a
vote of 300 1-2 to 120 1-2. The an-
nual salaries voted the officers were:

Head Consul, \$10,000.
Head Clerk, \$7,500.
Head Banker, \$5,000.
Directors, \$5,000 (Each).
Auditors, \$1,500.

Members of the law committee \$20
a day when employed.

Conflict Ends With Adjournment.
The conflict between the adminis-
tration and insurgent delegates was
ended tonight when the convention
adjourned. Before adjournment, an
attempt was made to insert in the
rate provision of the bylaws an
amendment providing for the pay-
ment of 10 cents a month by all
members under sixty years of age
to defray the expenses of members
over that age and use of \$10,000,000
of the present surplus fund for the
same purpose. The amendment
which was offered by C. A. Ingram
of Wisconsin was voted down.

TREASURY OFFICIALS UNINTERESTED IN GREAT EXPORTATION OF GOLD

Over \$70,000,000 in Gold Has Been
Exported Since First of Year—
Reserve Supply of New York Sub-
Treasury Exhausted.

Washington, June 20.—Treasury
department officials show only a
passing interest in the phenomenal
exportation of gold which is taking
place through New York. Since Jan-
uary 1 the amount of gold ex-
ported has been about \$70,000,000.
The gold reserve supply at the New
York subtreasury was practically
exhausted and over \$40,000,000
worth of gold bars and coin was
sent to New York last week from
other sub-treasuries.

"What difference does it make if
Europe draws on us for \$100,000,
000 of gold, or \$200,000,000
worth?" John Burke, treasurer of
the United States, remarked today,
when asked about the movement to-
ward Europe.

"The United States has plenty of
gold. We are not like countries
who only have a limited amount. We
have more than a billion dollars'
worth of gold in reserve. A light
balance of trade against us can
easily start the gold moving toward
Europe, and I understand that two
railway corporations are about to
retire some bond issues in Europe
which must be met with gold."

HEAT WAVE CONTINUES IN KANSAS AND MISSOURI

Several Record Temperatures Are
Recorded in the Vicinity of Kan-
sas City.

Kansas City, June 20.—The heat
wave sweeping over Kansas and this
section of Missouri continued today.
Several record temperatures were
recorded and prostrations in the
harvest fields were numerous. De-
spite the rush of the harvest, farm-
ers in many places were obliged to
quit the fields in the afternoon.

At Salina, Kan., George E. Mul-
vane, a tailor of Detroit, Mich., col-
lapsed in a field and died from heat
prostration. Warren Sheldon of
Florida, Ill., who was working near
Pawnee Rock, Kan., succumbed, suf-
fering violent convulsions, and was
taken to a hospital.

Clay Center experienced a tem-
perature of 104, while at Abilene
the thermometer registered 100. In
Kansas City the mercury stood at
94. Ten prostrations were reported.

Business Suspended.
Guthrie, Okla., June 20.—With
the mercury at 108, business in this
city was almost suspended today.
This temperature is a new heat rec-
ord for June.

WILL TRY IOWA METHOD OF TRANSFERRING LIVE FISH

Springfield, Ill., June 20.—A trial
of the Iowa method of transferring
live fish from one section of the
country to another will be made in
Illinois Monday when fifty thousand
fish from the state hatchery near
Havana will be taken to the eastern
part of the state and liberated. The
state of Iowa has a specially con-
structed car which it uses in this
work and this car has been loaned to
the Illinois game and fish conserva-
tion commission. Members of the
commission will be aboard the car on
its trip Monday and will thereby
be enabled to see just how it op-
erates. It is probable that a similar
car will soon be added to the equip-
ment of the commission.

RAINEY WANTS MORE REVENUE FROM WHISKEY

Representative Will Press Bill
If Hobson Prohibition Amend-
ment Is Voted Down

\$30,000,000 ADDED REVENUE

Mr. Rainey Declares His Proposal Would
Add Many Millions of Dollars to
the Present Annual Revenue

OTHER NEWS OF OFFICIAL WASHINGTON

SATURDAY IN CONGRESS.

Senate.
Met at noon.
Resumed debate on Indian bill
Adjourned at 5:28 p. m., until
noon Monday.

House.
Met at noon.
Resumed debate on the sundry
civil bill and Chairman Fitzger-
ald of the appropriations commit-
tee gave notification of night ses-
sions next week until it is passed.

Representative Goulden de-
livered an eulogy on Brig. Gen.
McDougal, former representative
from Auburn, N. Y., buried in
Arlington today.

Debate on sundry civil bill
continued until Monday.

Adjourned at 7:55 p. m., be-
cause of absence of quorum un-
til noon Sunday when eulogies
will be delivered on the late
Timothy D. Sullivan of New
York.

WASHINGTON, June 20.—A bill
proposing a plan for raising more
revenue from whiskey, to be pressed
in the event the Hobson Prohibition
amendment is voted down in the
house was introduced today by Rep-
resentative Rainey of Illinois, a
Democratic member of the house
and means committee, to which
the measure was referred.

The bill provides that hereafter
when distilled spirits in internal re-
venue bonded warehouses are with-
drawn there may be collected on
them taxes on the quantity contained
in each case or package and that no
allowance will be made for loss
from leakage or evaporation.

Mr. Rainey said that the spirits
thus left grow more valuable as they
get older and by this bill between
\$25,000,000 and \$30,000,000 could
be added to the annual revenues.

Owen Offers Four Bills.

Senator Owen called upon his
Democratic colleagues in the senate
today to remember the plank in the
party platform calling for the ex-
termination of corruption, fraud and
machine rule in American politics,
and offered four bills designed, he
said, to bring about the needed re-
forms.

"If," he said, "the Democratic
party now in power leaves the coun-
try under the machine rule system
with the door open to fraudulent
practices in nominating senators and
members of congress after its solemn
promise to the American people it
will undoubtedly receive severe con-
demnation for violating these prom-
ises so intimately affecting integ-
rity of government."

No individual seems to feel
charged with the responsibility of
preparing the necessary measure
and urging its passage. I propose
therefore a resolution charging the
committee on privileges and elec-
tions with this duty in the hope that
it may meet with sympathetic co-
operation not only of Democrats but
of Republicans as well."

Senator Owen explained that one
of his bills was designed to prevent
unlimited campaign contributions
from individuals; the second pro-
vides for a government publicity
pamphlet to be issued at government
expense delivered to every citizen
and in which candidates for federal
offices would have an opportunity to
explain their views. The other mea-
sure would legalize the use of the
preferential ballot in making nomi-
nations for the senate house and
the last would define corrupt prac-
tices in connection with campaigns.

CHURCH WILL SERVE ICE COLD LEMONADE TODAY

To All Members Who Brave the
Heat and Attend Services the Bar-
desville Church Will Serve Re-
freshments.

Bartlesville, Okla., June 20.—
Workmen were busy today install-
ing large casks from which ice cold
lemonade will be served to those
members of the congregation who
brave the heat tomorrow. The pas-
tor, the Rev. Charles H. Hulme to-
day stretched a sign across the front
of the church which read: "Free
drinks tomorrow."
Then he installed the casks. Im-
mediately another minister announc-
ed that he would serve food butter-
milk before services. The mercury
reached 102 here today.

FIST FIGHT CAUSES TYRUS COBB'S ARREST

ASSAULTS BUTCHER FOR ALLEG-
ED INSULT TO MRS. COBB.

Ball Player Goes to Butcher Shop to
Demand an Apology for Alleged
Insult and Trouble Begins—Cobb
is Held Pending an Investigation.

DETROIT, Mich., June 20.—Tyr-
us Raymond Cobb, center fielder of
the Detroit Americans, was arrested
tonight in the butcher shop of W.
L. Carpenter on Hamilton Boulevard
while engaging in a fist fight with
Harold Harding, 20 years old, one
of Carpenter's employees. Cobb said
the butcher insulted Mrs. Cobb.
Harding told the police that Cobb
assaulted him after the latter had
drawn a revolver on the proprie-
tor. Carpenter confirmed this
charge and said Cobb attacked
Harding when the latter attempted
to interfere.

Cobb was taken to the Bethune
avenue police station and held pend-
ing an investigation. Several
friends offered to furnish bail for
his release but even if Cobb is al-
lowed his liberty he will not be able
to play baseball for several days. He
broke his right thumb during the
scuffle with Harding.

Carpenter denied Cobb's charge
but admitted that Cobb rushed into
the butcher shop made the allega-
tion and then started trouble. A
fish which Mrs. Cobb purchased from
Carpenter earlier in the day is held
to be responsible for the affair. Cobb
said his wife told the butcher the
purchase was not satisfactory and
during words which followed Car-
penter insulted her.

Then, he said, he went to the
butcher shop to demand an apology
from the proprietor.

No Formal Charge is Made.
Cobb was allowed his liberty late
tonight. No formal charge was
made against him but friends of the
high court in organized baseball
were in a receptive mood when a
delegation from the International
League headed by President Barrow,
called upon them. Two propositions
were submitted by this committee.
One of these was a request for finan-
cial assistance for some of the clubs
and the other that the draft privi-
lege of the Major Leagues be elimi-
nated so that the International or-
ganization could retain or sell its
players instead of having them taken
at the waiver figure.

The latter plan seemed the more
feasible to the members of the com-
mission and the proposition of Presi-
dent Johnson to form a new major
league to be composed of four clubs
from each the International league
and American association found im-
mediate favor. The spokesman for
the International announced that
the national commission had consid-
ered their request favorably and a
final answer would be given within
ten days.

Later on Ban Johnson verified
this statement and went a step far-
ther by saying:
"The plan to form a third major
league is practically consummated."
President Dunn of the Baltimore
club before he left hurriedly for his
home, said:
"I am very much pleased with the
outcome of our visit to the com-
missioners and feel assured that the
scheme will work well for the bet-
terment of my club's condition.
Something had to be done, some rad-
ical move was necessary to relieve
the existing conditions and Presi-
dent Johnson's proposition to my
mind fills this bill."

HOPES TO PAY DEPOSITORS TEN CENTS ON THE DOLLAR

Receiver for LaSalle Street Bank
Expects Money Tomorrow Morn-
ing.

Chicago, June 20.—William Nib-
lack, receiver for LaSalle street
trust and savings bank said today he
hopes to have money enough in two
weeks to pay the depositors ten
cents on the dollar. He has notified
all borrowers whose notes are due
or will be due in ten days that he
will expect the money Monday morn-
ing.

Stockholders of the Illinois State
Bank will file an intervening petition
Monday for \$15,000 which was de-
posited in the LaSalle street Trust
& Savings Bank.

Directors of the bank assert C. B.
Munday, vice-president of the La-
salle street institution demanded the
money be placed on June 9th, in
order that the city might withdraw
its deposit with the Illinois State
bank for that amount. The de-
posit was not withdrawn the bank
examiner found. With the return of
\$15,000 the stockholders are con-
fident the Illinois bank could re-
sume business.

THE DUNNES TO CHICAGO.

Springfield, Ills., June 20.—Gov-
ernor Edward F. Dunne, Mrs. Dunne
and their two youngest daughters
and son Jerome left today for Chi-
cago where the governor delivers an
address tomorrow at the annual pic-
nic of the Swedish-American Singing
Societies. The two Misses Dunne
will spend several weeks at their
grandfather's cottage in northern
Michigan while Jerome will go to his
father's farm in Montana for a
month's visit.

Governor and Mrs. Dunne will re-
turn to Springfield Sunday evening.

THE WEATHER

WASHINGTON, June 20.—For
Illinois: Fair Sunday, warmer in
north portion; Monday probably fair
and continued warm; moderate vari-
able winds mostly southeast and
south.

Temperatures.
The current maximum and mini-
mum temperatures recorded Satur-
day were:
Current, High, Low.

ATWOOD-ERIXON JURY FAILS TO AGREE.

Jurors Stood 10 to 2 in Favor of the Plaintiff—New Trial Will Be Called.

After forty-seven hours of deliberation the jury in the \$12,000 assumption case of Mrs. Edna Atwood vs. S. T. Erixon was dismissed by Judge Creighton at Springfield. On the last ballot the jury stood 10 to 2 for a verdict in favor of the plaintiff. It is understood that a new trial will be called.

Any style in underwear can be found at Garland's, 50c to \$3.00 per suit.

WILL GIVE MATINEE.
The Jacksonville driving club has announced the first racing matinee of the season for next Thursday afternoon. The card shows that a lot of fast horses have been entered and the four races promise to be interesting indeed. The track has been put into excellent condition and no doubt there will be a large attendance Thursday.

AUTOMOBILE NOTES.

Mr. and Mrs. John Votsmeier of Franklin were auto visitors in the city yesterday.

Richard Megginson of Woodson was in the city in his Ford car Saturday.

Mr. and Mrs. William Redshaw made a trip to Jacksonville in their Ford car Saturday.

John Green of Riggston was a visitor in the city yesterday, coming in his Mitchell car.

O. P. Hamilton of Virginia came to Jacksonville Saturday in his Mitchell automobile.

Among the visitors to the city in Mitchell cars Saturday were Howard Cully of Sinclair, Prince Coates of Riggston, Harvey Scott of the Markham, Al Leach, west of the city; Charles Reid of Ebenezer and Geo. Newman of Woodson. Robert Coates of Riggston was a visitor in his Michigan car.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, June 24, 1914, one day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourthcent Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands moist? Have you a dull, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Flatula? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or loins? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.
Come early as places are always crowded. A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

RICH MAN'S SON FACES CHARGE OF MURDER

Malcolm Gifford is Accused of Killing Chauffeur. In April, 1913—Youth was Student at East Hampton at Time of Alleged Crime.

Albany, N. Y., June 20.—According to the present plans of District Attorney Harold D. Alexander, young Malcolm Gifford, Jr., will be placed on trial here next week on an indictment charging him with the murder of Frank J. Chute, a chauffeur. The trial will consume several weeks it is expected.

The accused youth is but 19 years old and is the son of a wealthy manufacturer of Hudson, N. Y. These facts, coupled with the many elements of mystery in connection with the alleged crime, have served to attract wide attention to the Gifford case and the trial promises to be one of the most notable that has taken place in this county in a long time. The elder Gifford has retained eminent counsel to conduct the defense of his son.

Chute was killed April 1, 1913, while driving an unidentified man from Albany to Troy. The passenger shot Chute in the back of the head, robbed him and threw the body into a ditch. The slayer wore a gray overcoat and a light fedora hat.

On the night of the murder Gifford, who had been expelled from a private school a month previously, but never had gone home nor notified his parents, left the house of a friend, Derrick Boardman, in Troy, ostensibly to attend a dance. He was garbed in a dress suit, a gray overcoat and a light fedora hat, it is said.

Several hours later Gifford appeared at the dance. Witnesses who appeared at the grand jury investigation declared that his clothing was soiled. The next morning, it was testified, he put his overcoat in one friend's suitcase, his hat in another, borrowed a cap and left for home.

Last April, a year after the murder, was committed, property belonging to Chute was found under the eaves of the house where Gifford stayed on the night of the killing. A pair of gloves, of the same brand Gifford was wearing when detained by detectives, was found near Chute's body. These, according to the detectives, Gifford attempted to hide when they apprehended him at Chatham, Mass., on April 14 last, while he was on his way to Easthampton, Mass., where he was a student.

Chute was shot with an automatic pistol. Authorities say Gifford owned such a weapon. Gifford could drive a machine. An attempt was made by the slayer of Chute to start the automobile after the killing. This was evidenced by the footprints it is pointed out that he has borne a good reputation in his home town and had never been in any trouble excepting some schoolboy escapades. There is nothing to indicate that he ever knew Chute. Since his arrest he has been confined in the Albany county jail. Recently he was transferred from his cell to the hospital ward of the jail on the statements of physicians that he was suffering from lung trouble.

NOTICE.
Electricity will be off between the hours of 12 o'clock midnight tonight to 5 o'clock Monday morning, owing to changes at the power house.

PREVENT SOIL WASHING

Sewer Pipe Method Efficient and Practical—Annual Soil Wash and Waste of United States Amounts to One Billion Tons or 500,000 Acres One Foot Deep.

At the session of the national drainage congress in Savannah, Ga., last April, the Missouri delegation presented the following astonishing facts which have since been verified through figures of the inland waterways commission:

"The annual Mississippi river discharge and waste of soil is 400,000,000 tons, which, reduced to acreage, is 200,000 acres one foot deep."

On the same authority—"The total annual soil wash and waste of the United States as a whole amounts to one billion tons, or 500,000 acres one foot deep, or 54 acres of soil one foot deep per hour, or nearly one acre per minute."

All over Illinois the ruinous soil wash is going on, and while vigorous efforts are put forth by many land owners to stop the waste it has remained for a successful farmer of Johnson county, Missouri, after 15 years of trial and experiment, to develop a method that is giving great satisfaction and we now have permission to make it known.

Method Very Simple.

The method of conserving soil—of preventing the loss of rich soil by washing down from cultivated hills—of catching and using that which washes from our neighbor's farm—of reclaiming waste land now occupied by winding gullies—is not expensive; it is not patented; it is not restricted.

Select the bed of a stream or gully which is at present unutilizable on account of the deep cuts and crooked windings of the stream. At the lowest point in this gully where it passes along the line fence and through another farm, lay about 10 joints of vitrified sewer pipe on the bottom of the stream, having first cleared it of stones and irregularities. Make the joints as tight as possible with good cement mortar; then over this pipe and across the gully build an earth bank or dam. Upon the end of the sewer pipe which projects out on the up-stream side of the dam, place a vitrified pipe elbow in a vertical position, and fit into its upturned end one length of pipe. Protect this pipe by driving four stout stakes around it and wrap wire around the stakes to keep rubbish from clogging the pipe. Have the crest of the earth dam at every point two feet higher than the up standing pipe.

When the rains come and wash the valuable soil from the surface of the plowed field, the stream, which formerly rushed through the gully carrying the soil with it beyond your fences, will be interrupted by the earth dam and will form a small pond for the time being, rising to the level of the upstanding pipe. Having reached this level, the water will begin to pour down through it, under the dam and away, but the greater part of the fine soil which it originally carried will have settled to the bottom, and after a few hard rains the entire depression will be filled with a soft fine rich soil up to the level of the pipe. It is then time to add a few more feet to the dam and another length of pipe upon the top of the first. The silt will now settle at a higher level and much broader expanse. The process may be continued until finally the area of waste land has been filled.

In a steep gully deeply eroded by swift stream, a succession of short dams, each with a single pipe, will transform a waste strip of land into a succession of steps or terraces of wonderful fertility. The sewer pipe method of soil conservation is proving its value on many farms.—H. A. McKeene, secretary, Illinois Farmers' Institute.

STRANGE CASE IS FILED ON AN APPEAL IN SUPREME COURT

Appeal Is Docketed for the Appointment of a Receiver to Take Possession of a Vital Organ of a Dead Man for Examination.

Washington, June 20.—One of the strangest cases ever filed in the supreme court reached there today when an appeal was docketed from a Maryland court order for the appointment of a receiver to take possession of the vital organ of a dead man for chemical examination. The case grows out of the fight over the million dollars insurance carried by Edward O. Painter of Jacksonville, Fla., when he fell overboard from a ferry boat at Jacksonville, April 21, 1913, and was drowned.

Painter became violently ill and when he went to the rail of the boat fell into the water. Upon the recovery of his body his vital organs were sent to Baltimore for examination. Dr. Charles Glasor, in whose custody they were placed, was employed by an insurance company from turning the organs over to the widow for burial before the company, which had issued an accident policy to Painter, had an opportunity to examine them. The Maryland court at the instance of the insurance company, appointed a receiver to take charge of the organs and held that the insurance company's right of examination was superior to any property right of the widow.

CAPT. BARTLETT ARRIVES.

Nome, Alaska, June 20.—Capt. Robert Bartlett, master of the Vilhjalmir Steffansson arctic exploration ship Karluk, which was crushed by arctic ice last February and sank north of Herald Island, arrived here today from St. Michael where he was brought from Siberia by the whaler Kermion.

Captain Bartlett will go north in July on the Revenue Cutter Bear, which has been ordered to proceed to Wrangell Island to pick up the eighteen white men and four Eskimos of the Karluk's crew who remained there when Bartlett and one Eskimo made their trip over land to Whaler Bay, Siberia, where they boarded the Kermion.

BURGLARS ATTEMPT TO ROB RESIDENCE OF L. F. O'DONNELL

Hole is Sawed in Lattice on Back Porch, Through Which Intruder Reached to Open Rear Door—Nothing is Missed.

An attempt was made to burglarize the residence of L. F. O'Donnell, 538 South Diamond street, Saturday night, and although the rear door was opened, nothing was missed from the residence.

Mr. O'Donnell discovered that some one had been at the residence when he returned home about ten o'clock last night. A hole was cut in the lattice work on the back porch, through which the intruder reached to unfasten the back door. As the hole was very small it is thought a woman may have cut it in the porch, as it is hardly large enough for a man to get his hand through. It was also learned that neighbors heard someone sawing at the O'Donnell residence, but thought it was one of the family, and paid no attention to it. A search through the house by the O'Donnell family resulted in nothing being missed.

You'll find that straw hat to please you at Garland & Co.

FARM NOTES.

Fear Binder Twine Shortage.—Ninety men working 13 hours a day each are making daily from 15,000 to 16,000 pounds of binder twine in the Leavenworth, Kan., federal prison, and yet a serious shortage of the product faces the farmers of the state, according to J. D. Botkin, warden of the prison.

"Every day now since June 1 we have received repeated calls for twine and the orders received have so far amounted to more than 3,000,000 pounds, which is the annual capacity of our plant," he said. "By July 1 we will have filled orders aggregating over 500,000 pounds. Because of damage by fire last summer it will be impossible to fill the demand. Orders are being sent to the plant by individual farmers. It has been necessary to reject all orders received since March 20. The early orders were from farmers' organizations throughout the state."

Wheat Crop Stimulus to Industry.—The stimulus to industry caused by the immense wheat crop now being harvested will completely overcome business depression in the United States, is the opinion of David F. Houston, secretary of agriculture. "We are passing through a period of liquidation, due to the overtrading which extends over the entire world," said the secretary. "It has been felt severely in Europe and more banks have failed in Canada than in the United States."

"The railroads have been the primary cause of depression in this country. Pending a decision by the interstate commerce commission on this application for a 5 per cent increase in freight rates, they have been buying supplies in as small quantities as possible. Since the railroads are the greatest single purchasing agency in the country, this conservatism on their part has reacted upon a great many industries and especially the steel trade."

Terrific Rain Storm.—Thousands of acres of wheat were laid flat Monday by a terrific rain which swept the section around Topeka, Kan., and unless the sun comes out hot farmers say the loss will be enormous. Reports received in Topeka said that five inches of rain fell in many places within three hours.

The Santa Fe railroad in Topeka Monday put every available man at work in its car shops, converting stock cars into grain cars to be used in the shipping of wheat.

Thistles.

They blow by the wayside, they march in the wood.
"Tell me, for what are these vile weeds good?"
Not as a crop for your meadow land. Not to eat and not to smell; Nor daisy-like can they forties tell. Asses may eat and take no harm—Monkeys may hug them with unscheduled arm.

But beware! how you touch this thing.
This emethyst-emerald bloom with a sting.
And yet—strange!—once did I know a man
Who watched all day where the thistles ran
In glorious straggling multitude
Out of the border of a wood.
He watched, enthralled, the whole day through
Only when night hid from his view
Their purple riot of useless warts.
He turned, half loath, to the kindred stars.
—Arthur Davison Fickle in Poetry Journal.

VANDERBILT U. QUILTS ASSOCIATION.
Nashville, Tenn., June 20.—Vanderbilt University, it was announced tonight has tendered its resignation as member of the Southern Intercollegiate Athletic association because of dissatisfaction over the present one-year eligibility rule in athletics.

Under a recent S. I. A. A. ruling Vanderbilt University will not be allowed to scheduled contests with teams outside the Southern association after next season.
Permission has been given however, for Vanderbilt to play games already contracted with Michigan and other universities.

HEAT RECORDS BROKEN.
Memphis, Tenn., June 30.—Heat records for this season were broken here today when government instruments registered 99 degrees, the highest June temperature since 1881. The drought here now has lasted forty-seven days, breaking all records.

LONDON CROWD TREATS SUFFRAGISTS TO A DUCKING

Women are Chased off Grounds While the Men Are Ducked in Artificial Lake.

London, June 20.—A nearby artificial lake gave a big crowd a unique opportunity today to vent its wrath on suffragists who interrupted David Lloyd-George, chancellor of the exchequer, who spoke in the south of London. Discrimination was employed as between the men and women disturbers, the women being chased off the grounds and the men being ducked in the lake.

Right Honorable Thomas J. McNamara, a radical member of the house of commons, who presided, appealed to the assembled multitude to leave it entirely to the stewards to deal with the disturbers but the request was disregarded. The man who fared worst was a clergyman, said to be a member of Sylvia Pankhurst's east end army. His clerical garb seemed to produce the effect on the crowd that a red flag does on a mad bull. They pitched him into the lake, from which, after frequent complete immersions, he was rescued in a half drowned condition.

NOTED AUTHOR IS SHOT.
Paris, June 20.—Henri de Rothschild, noted author and philanthropist was shot and wounded in the leg in front of a boulevard cafe tonight. His assailant was the former owner of a creamery, who when arrested declared he had been ruined by the establishment by M. de Rothschild of a creamery designed for philanthropic purposes. Five shots were fired by the man but only one took effect.

RECEIVES RESIGNATIONS.
Butte, Mont., July 20.—Charles H. Moyer, president of the Western Federation of Miners announced tonight that he had received the resignation of all officers-elect and outgoing officials of Butte Miners' Union No. 1, part of the membership of which has been in revolt against the existing regime.

Don't Suffer With Chronic Disease Let Me Relieve You

I Will Give My Services Free at the Hotel Dunlap from 9 a. m. Wednesday, June 24, Until 8 p. m. Friday June 26.

I am having great success with my New Neuropathic System of Treating Diseases in the treatment of Chronic Rheumatism, Uric Acid Conditions, Kidney and Bladder Troubles, Palpitation, Shortness of Breath, Stomach and Liver Trouble, Constipation, Blood and Nervous Diseases, Catarrh, Deafness, Eye troubles and every curable Chronic Disease or Weakness.

I will give my services FREE this trip to all sufferers to demonstrate my new treatment. I want to treat as many people as possible in Jacksonville this trip.

I will be at the Hotel Dunlap from 9 a. m. Wednesday, June 24, to 8 p. m. Friday, June 26.

Call at my rooms between 9 and 12; 1 and 5; and 7 and 8.

Dr. Edwin O. Gable

MANY HAVE GONE TO LIVE IN CHICAGO

MORGAN COUNTY HAS MADE LARGE CONTRIBUTION TO METROPOLIS.

Men and Women From This Vicinity Take Active Part in City's Business—Morgan County-Chicago Society Roster Shows Long List of Names—Reunion Soon to Be Held.

The Morgan County-Chicago Society is to hold its third annual meeting next Saturday afternoon at Jackson park and it is probable that several hundred people will be in attendance. On such occasions not only members of the organization attend but also their friends and relatives. For a number of years J. March Patterson, who was long a Jacksonville merchant but has more recently been a resident of Chicago, had in mind the plan of organizing former Morgan county residents of Chicago into a society and a little more than two years ago the plan in which Mr. Patterson had the initiative took definite form. In the work of organization Mr. Patterson was assisted actively by Miss Emma Patterson and Miss Patterson took an especially fruitful interest in securing the names of former residents and in endeavoring to enlist their support.

The preliminary work done by Mr. Patterson, Miss Patterson and those who worked with them resulted in the first annual meeting which was held at Jackson park two years ago. A year later another such meeting was held with a still larger attendance and last winter the members of the society enjoyed a social evening at the home of Mr. and Mrs. E. F. Newton, 3201 South Park avenue, Chicago. Naturally the attendance there was not as large as at the park gatherings but nevertheless a large percentage of the members were present.

The officers of the society included Q. H. Chapin, president, and Miss Patterson secretary, and the indications are that the third annual picnic announced for next Saturday will be the most successful yet held. There are of course a great many former Morgan county residents, in the great city, who have not yet been communicated with and the task of finally getting the interest of all in the organization will require a number of years' time.

Through the courtesy of Miss Patterson, secretary of the organization, it is possible to present herewith the list of members of the organization and a larger list giving the names and addresses of persons residents in Chicago, formerly Morgan county citizens. The smaller list comprises those who have thus far taken an active interest in the society and the other the mailing list of the society. In compiling this list Miss Patterson wrote to a great many persons for information and among those who replied was R. L. Montgomery who sent in 75 names.

The names as shown in the list are of interest to the present residents of Jacksonville and Morgan county giving as they do a clear idea of how the great business life of Chicago represents a sum total of contributions from scores of cities, towns and country districts in the various states. This county has certainly made a large contribution of both men and women and they are all valued citizens of the metropolis. No doubt life in Morgan county would seem somewhat quiet to them after spending years in the city but the very fact that they have sought to keep alive a common interest in the district from which they went to the city indicates clearly that they have a certain undying loyalty and affection for old Morgan county.

WILL SEEK TO UNRAVEL

MURDER MYSTERY

Trial of Anton Petras for Alleged Slaying of Theresa Hollander will Begin Monday.

Geneva, Ill., June 20.—The Theresa Hollander murder mystery, which has kept this entire section astir for several months, will be threshed out in court here next week, when Anton Petras will be tried on the charge of having killed the pretty 19 year old girl who was his former sweetheart. Whether the trial will lift the veil of mystery that now enshrouds the murder is a question in the minds of those who have followed the developments of the case closely. So far as the public is aware all of the evidence against young Petras is purely circumstantial. The accused man himself continues to declare his innocence, as he has done from the day of his arrest.

Theresa Hollander was clubbed to death in St. Nicholas cemetery near her home in Aurora on the night of February 16. On March 5 she would have been 20 years old and on that day he was to have been married to Nicholas Fellner.

On the day that the mutilated body of the young girl was found lying across a grave in the cemetery the police took into custody Anton Petras on suspicion that he might have some knowledge of the crime. Subsequent investigation tended to strengthen this suspicion. It was learned that Petras and Miss Hollander had long been sweethearts. A quarrel occurred between the two and Petras married another. But his attentions to his former sweetheart did not cease with his own marriage or with the knowledge that Miss Hollander had become engaged to another.

The strongest link in the chain of circumstantial evidence against Petras was furnished at the preliminary hearing by the testimony of the father of the murdered girl. According to his testimony his daughter had confessed to him only a few hours before she met her death that she feared she might come to harm at the hands of her former sweetheart and persistent admirer. Her fear evidently had been aroused by the passionate appeals of Petras that she wed no other man, because he, who had married in spite, still loved her and could not brook the thought of her becoming the wife of another.

It is expected that one of the chief witnesses for the prosecution in the coming trial will be Walter Hickman, a negro who lived near the homes of Petras and Miss Hollander and knew both of them by sight. Hickman is believed to have been the last person, excepting the one who committed the foul murder, who saw the Hollander girl alive. At the preliminary investigation the negro testified to have been a passenger on the same car with Petras and Miss Hollander about 10 o'clock on the night that the girl was slain. According to Hickman the girl alighted at the street near the cemetery, which was the nearest to her home. Petras left the car at the next corner, according to the negro, and started to hurry back in the direction of the street which Miss Hollander must take to reach her home.

MELANCHOLY WOMEN.

Women should understand that melancholy, commonly called the "Blues," is in nine times out of ten a pure symptom of some organic derangement which should have attention. For nearly forty years, Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for such conditions, as proved by many testimonials which we are constantly publishing from women who have been restored to health by its use.—adv

SUMMER CHAUTAUQUE SERVICES.

The Sunday evening Chautauque services on the lawn of Grace church that have been so popular during the past two summers will be repeated again beginning about the middle of July. The series will be equal to any previously given and even superior. Under the leadership of Mrs. Weihi the musical parts will be very fine.

The Dentist

By WALT MASON.

He well deserves a laurel wreath, the man who tinkers with my teeth, when they are out of plumb; he plugs them up with melted lead, and soothes my swelled and aching head, and heals the tortured gum. Upon his skill your comfort hangs when you have trouble with your fangs, and seldom does he fail; his shining instruments he wags and draws the old insurgent snags, then draws his slice of kale. No more you hear in dentist's room the shrieks of those who dread their doom, of those whose souls are sick; the patient calmly sits and smiles, the while the dentist with his files and pincers does the trick. How different in olden days! he sat upon a bench, and took your head between his knees, and muttering, "Look pleasant, please," he plied his monkey wrench. It took six men to hold me down when he adjusted bridge or crown, or plugged a hollow fang, and travelers could hear me roar upon the distant shore of Yang-tze-kiang. But now I like the dentist's chair, I like to sit and rest me there, from morning until dusk, to sit in comfort and to snooze, and have the gentle dentist use his forceps on my tooth.

DEMAND FOR VEAL RAPIDLY INCREASING.

Quotation from Farmers' Bulletin Means It Is Usually More Profitable to Market Dual-Purpose Calves.

Washington, June 20.—The demand for veal has increased rapidly and not only are the surplus dairy calves slaughtered but thousands of beef calves as well, until a calf will now sell for from \$8 to \$12 when and two or three months old.

This quotation from Farmers' Bulletin 588 of the United States department of agriculture means that unless the farmer has unlimited cheap feeds, it is usually more profitable to market the dairy or dual-purpose calves than to attempt to raise them, even though some of them might make good steers. While many deplore this heavy slaughter of calves, and legislation against it has been urged, the consumers' demand must be met.

While the number of cattle has decreased, the demand for meat has naturally grown until not only have the exports nearly ceased, but the packers that they may provide cheaper meat are now buying many cattle that were formerly fed. The farmers who formerly bought nearly finished cattle as feeders have been compelled to pay higher prices for such cattle or to take thinner animals.

The cattle feeding business has changed greatly during recent years. Formerly steers from four to six years of age were fed in large numbers on commercial feed at yards near granaries or mills or upon large farms where only the roughage was grown and the cattle were kept on full feed for six months or longer. This method became too expensive, so feeding is now conducted upon farms as a means of marketing farm products by converting them into beef, while the manure produced is utilized as a by-product for maintaining fertility.

SHEKEL DAY IN ENGLAND.

London, June 20.—The Jews of London and other great cities of the United Kingdom will hold their annual observance of Shekel day tomorrow. The observance is of comparatively recent origin, but during the past few years it has become a well established institution in England. Its object is to provide financial aid for the Zionist cause. Throughout the Jewish district in the east end of London hundreds of workers will make a house to house canvass tomorrow morning to gather shekels from the earnest Jews who look to the Zionists to bring them into a new Jerusalem. A shekel, of course, is the old unit of coinage used by the Hebrews, and as revived by the Zionists its value varies in accordance with the standard coins of different countries. In England it is represented by a shilling, and every contributor of one shekel is entitled to a vote for delegate to the next congress of the Zionist federation.

ANNUAL REUNION.

The third annual basket picnic of the Morgan County-Chicago society will be held at the Pavilion, north east corner of Jackson park, Chicago, Saturday, June 27, 1914, at 2 p. m. All former residents of Jacksonville and other parts of Morgan county are invited. Visitors from Morgan county also will be welcome. Q. H. Chapin, president, Emma B. Patterson, secretary.

THIS DATE IN HISTORY

June 21.
1749—The city of Halifax was founded by Lord Halifax.
1813—Wellington routed the French at the battle of Vittoria.
1842—Income tax imposed by Sir Robert Peel.
1854—Old watch abolished and police force established in Boston.
1867—The republic was re-established if Mexico, with Juarez as provisional president.
1884—Prince of Orange, heir to the throne of Holland, died.
1887—Queen's jubilee international exhibition opened in Adelaide.

"THIS IS MY 44TH BIRTHDAY."

Ex-Shah of Persia.
Mohammed Ali Mirza, ex-shah of Persia, soon to pay a visit to the United States, was born June 21, 1870, and at the age of 35 succeeded his father, Muzaffared-Din, on the throne. He was the first Persian monarch to rule under a constitution. After a year or so of sovereignty he revoked the constitution and in the revolt that followed he lost the throne. He then went to Russia, and lived at Odessa until 1911, when he returned to Persia and made a desperate but unsuccessful attempt to regain the throne. Mohammed Ali Mirza was educated by European teachers and has added to his knowledge by extensive travels.

Congratulations to:
Charles E. Littlefield, former congressman from Maine, 63 years old today.

Jack Monroe, formerly well known as a heavyweight pugilist, 37 years old today.

Ralph C. Craig, winner of the 100 metre run at the last Olympic games, 25 years old today.

SENATOR WARREN 70 YEARS OLD.

Washington, June 20.—Senator Francis E. Warren, who has represented Wyoming in the upper house of congress for nearly a quarter of a century, came in for congratulations from his colleagues today on the occasion of his 70th birthday anniversary. Senator Warren was born in the village of Hinsdale, Mass., June 20, 1844. His life story is the story of a poor boy who, with little schooling but unbounded energy, made his way in the world until he sat in the seats of the mighty and paid tax on an annual income sufficient to place him in the millionaire class. As a mere youth Senator Warren served in the civil war and is the proud possessor of a medal of honor presented to him by congress for gallantry on the field of battle. Soon after the close of the war he went to what is now the state of Wyoming. He engaged in stock raising and accumulated an immense fortune. He was prominent in politics in the territorial days and elected first governor after Wyoming became a state. He has represented the state in the senate continuously since 1890, with the exception of two years from 1893 to 1895.

KNIGHTS OF ST. JOHN MEETING.

Cincinnati, June 20.—Delegates from many parts of the country have arrived in Cincinnati to attend the national convention of the Knights of St. John. The convention will open with religious services tomorrow and the business sessions will occupy the three days following.

Insurance Policies

When we insure your dwelling, stock, automobile or other property you may be sure that the policy will be written in a strong, reliable company.

Some Realty Offerings

I have some very attractive offerings in both farm and property. If you want a home or an investment, look over the list.

NEW YORK AMERICANS APPLY FOR INJUNCTION

Would Restrain Albert Schulz From Playing With the Buffalo Federal League Team.

Chicago, June 20.—Application for an injunction to restrain Albert Schulz, the pitcher who left the New York Americans for the Buffalo Federals, from playing with other than the New York club was filed here today.

Judge Foell in the superior court refused to issue an injunction immediately, instructing counsel to first obtain service. Deputy sheriffs were unable to find the pitcher. He was not at the Federal league park here. It was reported Schulz was sent to Buffalo, supposedly to evade service.

The application says that Schulz is under contract with the New York club for 1914 at a salary of \$2,400 and that he went to the Buffalo organization June 15. The court set the hearing for Monday.

ENTERTAINS FRIENDS AT PARTY.

Hazel Dell Yeck entertained her "Synopated Boogie Woogie Chorus," a few little friends and their mothers, at her home on North Main street Friday evening. The house was decorated in a color scheme of pink and white, in keeping with the chorus' colors, and during the evening games were enjoyed, the prizes being awarded to Margaret Dods-worth. Each child drew a favor as they were seated at the table for refreshments and before departing for home each was given a horn. The evening proved a pleasant one. Misses Pearl Jaeger and Josephine Yeck assisted in entertaining.

WILL SPEAK ON SUNDAY SCHOOL WORK.

Rev. E. E. Spencer, general missionary of the American Sunday School Union work in Illinois, arrived in the city Saturday evening. Rev. Mr. Spencer will speak of the work of this society at the close of the exercises of the Centenary Sunday school today and will give a brief talk on the same subject at the opening of the church service of the Christian church. The speaker is a man of wide experience in this work and will have an interesting message for his hearers.

ATHLETIC EIGHTH INNING RALLY WINS

PHILADELPHIA BUNCHES HITS, SCORING FOUR TIMES IN EIGHTH.

Browns Are Defeated by 5 to 2 Score—Detroit Again Shuts-out Washington—Yankess Trim Naps 7 to 1.

St. Louis, June 20.—Philadelphia could not do much with Hamilton's delivery until the eighth inning when they swung their bats with deadly result, bunching four hits for as many runs and scoring more than enough runs to win from St. Louis 5 to 2. The score: Philadelphia A. B. R. H. P. A. E. DECATUR COMMODORES DEFEAT FORMER TEAMMATE

Pound Bill Lakaff for Six Runs, Winning From Davenport 6 to 4—Other Three Eye Games.

Decatur, Ill. June 20.—Decatur Commodores defeated Bill Lakaff, their former team mate, here today for the first time this season. The locals greeted Lakaff with an avalanche of hits and won 6 to 4. Schlankser pitched great ball and whiffed ten Blue Sox in the pinches. The score: R. H. E. Decatur . . . 000 010 000—6 R. H. E. Davenport . . . 012 200 10—4 R. H. E. Batteries—Hagerman, Morton, James, Bowman and O'Neill; Caldwell and Sweeney.

Danville 2, Peoria 1.
Peoria, Ill., June 20.—Romine lost a pitchers' battle to Neal today when Umpire McKee made two decisions at first in the ninth that Umpire Eddinger said should have been just the reverse. Timmerman allowed but one hit in the second game and Peoria won easily 4 to 0.

First game—R. H. E. Washington . . . 000 000 000—0 R. H. E. Detroit . . . 000 000 10—1 R. H. E. Batteries—Bentley, Ayers and Henry; Covalleski and Stange.

Eagles vs. Baylis at Nichols park this afternoon at 2:30 o'clock.

INDIANAPOLIS TAKES FIRST PLACE BY CHICAGO DEFEAT

Cliffs Lose to Buffalo 1 to 0, and Drop Into Second Place—Other Federal League Games.

Chicago, June 20.—When Indianapolis won the first game from Brooklyn today and Chicago lost to Buffalo, the Hoosiers went into first place. The one run which was sufficient to give Buffalo the game here today came about when Downey was safe on a fielder's choice, took second on an out and scored on Blair's double.

Score: R. H. E. Buffalo . . . 000 010 000—1 R. H. E. Chicago . . . 000 000 000—0 R. H. E. Batteries—Ford and Blair; Hendrix and Wilson.

Pittsburgh 7, Kansas City 4.
Kansas City, June 20.—Kansas City used three pitchers, but was unable to stop Pittsburgh, the visitors winning 7 to 4.

Score: R. H. E. Pittsburgh . . . 004 010 200—7 R. H. E. Kan. City . . . 110 010 000—4 R. H. E. Batteries—Knetzer and Berry; Henning, Harris, Adams and Easterly.

Baltimore 3, St. Louis 2.
St. Louis, June 20.—Meyers and Zinn scored for Baltimore in the first inning and with another run in the eighth the visitors had a lead that St. Louis could not overcome and won 3 to 2.

Score: R. H. E. Baltimore . . . 200 000 010—3 R. H. E. St. Louis . . . 001 001 000—2 R. H. E. Batteries—Quinn and Russell; Crandall and Simon.

Indianapolis 6-7, Brooklyn 5-6.
Indianapolis, June 20.—Indianapolis took both games of a double-header from Brooklyn 6 to 5 and 7 to 6. Both games were won by ninth inning batting rallies.

Today's victories make eleven straight for the locals.

Score: R. H. E. First game—R. H. E. Brooklyn . . . 300 011 000—4 R. H. E. Ind'polis . . . 000 101 022—6 R. H. E. Batteries—Houck, Seaton and Land; Falkenberg, Billard and Rariden.

Score: R. H. E. Second game—R. H. E. Brooklyn . . . 210 001 002—6 R. H. E. Ind'polis . . . 000 200 203—7 R. H. E. Batteries—Sommers, LaFitte and Owens; Mosely, Billard and Rariden.

The Eagles-Baylis game this afternoon will be a fast one. Don't miss it.

Quincy 8, Dubuque 3.
Quincy, Ill., June 20.—Quincy batsmen took advantage of Pitcher Gregg's weakening in the second inning and pounded out six runs, the Champs taking the last, 8 to 3. The Dubuque fielders went to pieces behind the pitcher. The score: R. H. E. Dubuque . . . 110 000 010—3 R. H. E. Quincy . . . 060 001 10—8 R. H. E. Batteries—Gregg and Sullivan; Miller and Ketter.

RETURNS FROM IOWA.
Al (Young) Baldwin returned yesterday from Iowa City where he met and defeated Jack Gorman. The Jacksonville boy will meet Pat Welsh in Springfield, Monday, June 29th. Baldwin will train in this city for this bout. The local fighter has a bout pending with Frankie Burns in Des Moines for early in July. The date for this fight has not yet been fixed.

Quick Action Getting The Blood in Order

There's Bounding, Pulsating Life in Every Drop of Great Remedy.

Let S. S. S. Hustle Impurities Outward.

Impurities lodge so deeply in the tissues that they cannot be reached by any ordinary method. Mercury and other dangerous mineral drugs may check a disease, but to get right down into where the blood is vitiated requires S. S. S., the greatest blood purifier known. Its action is pronounced.

In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is conscious sensation of renewed health.

The extraordinary manner in which S. S. S. drives impurities out of the blood is due to its catalytic force in the blood cells, contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment and the medicinal elements of this matchless blood purifier are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not only this, but from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles. S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 224 Swift Bldg., Atlanta, Ga. Do not allow some zealous clerk to larrip the atmosphere in eloquence over something "just as good" as S. S. S. Beware of all counterfeits.

Every Dollar Is Worth One Hundred Cents

You are certain of getting real value for every cent of every dollar you spend here for men's clothing or furnishings.

We have a very special value in men's shirts for 50c.

SMITH - BROTHERS

44 North Side Square.

SOME OFF-SIDE CHUTES.

John Titus, who had been out of the game six weeks suffering from a fractured skull received from one of Bill Burns' wild heaves at Minneapolis, returned to the Kansas City line-up Friday. The veteran slammed out one double, and is convinced that his injury has been repaired permanently.

McLary of Louisville was married in Kansas City Friday morning. In the afternoon he took his bride to the Blues' park and cracked out two home runs, winning the game for the Colonels. The new Mrs. McLary believes her hubby is ripe for big company.

For the first time in seven years the blue of Old Eli is topping the crimson of Harvard. On the Connecticut Thames Friday Yale's varsity eight earned the verdict by an eyelash. The finish was so close that the stop-watches were unable to catch the fractional difference in time.

Johnny Coulton has changed his mind about getting into active training to recover his title. Rheumatism has the ex-champion fast in its grip, and he has decided to forsake the roped arena. Coulton has been wise, has saved his money, so that he goes into retirement with a fair sized fortune.

The baseball moguls have been holding secret conclaves in New York the past two days. Out of the sessions will come a line of attack upon the outlaws that will for all time end the tampering with players under contract. The organized forces are preparing to carry the war into the enemy's camp, and no stone will be left unturned in an effort to uproot and crab the rough necks and sure things who are now doing so much toward the killing of the pastime.

The White Sox took the Red Sox number Friday. Ed Moore of the night police force was the mascot. He went to Chicago to sit in the right pavilion and root for the Comiskey crew.

Francis Quimet was a rank outsider in the British open championship. The American champion was nervous and off his stroke the entire distance, finishing with a count of 332 for four rounds. Harry Vardon won the golf championship in 396, and this marks his sixth victory for the open title.

Ritchie and Freddie Welsh have signed articles for their championship bout in London. The match has been set back from July 4 until July 7, with both boxers hard at work at the training camps.

Ban Johnson has the ginks who are in baseball for the money only sized up just about right. As he wrote in his interview "The player or the owner who can see only the dollar in the game would willingly throw a contest for \$2." That is the element which is just now playing to the grand stands, and if not suddenly sent on a trip up Salt creek baseball will get a jar similar to the one handed the running turf eight years ago—a jar it will take long years to recover from.

Miss McLoughlin, the young Joliet heiress to whom Packey McFarland is engaged to marry, has convinced the Stock Yards boxer that he has rounded his time with the five ounce gloves. The Adonis of the canvas arena has announced his retirement to embark in business in Chicago. What that business will be has as yet not been given out for publication. During idle time the past few years he has taken to reading law and has been a frequent guest of the judges on the Chicago bench, occupying a place on the judicial rostrum throughout some of the important causes at law. McFarland was a credit to the boxing game, and his hundreds of thousands of admirers will wish him success in his new endeavors.

McManus, with Franklin last year, must be an important cog in that Springfield Three-Eye team. When Manager Wakefield is not using him in the box he turns him out into the left pasture. The box score authorizes the statement that he makes good there also.

Rumors of another change in the Cub presidency will not down. And while the rumors are flying Manager O'Day has hoisted a distress signal, shouting for pitching material. Big Jim Vaughan and Cheney, his only winners, are beginning to crack under the burden they have been totting all season.

Several of the horsemen at the local track will commence shipping some of the harness horses in training to eastern tracks. Purvins will start with a string Tuesday for Steubenville, Ohio, and McDaniels is getting a string ready for shipment to take part in the mid-western races.

Wild Bill Dahien is enjoying a hearty laugh these pleasant June days. Robinson, who succeeded him at Brooklyn, was going to land the Ebbetts meat tickets in first division by July 1. Wilbert is succeeding reversely, so that by July 1 he will land in the cellar.

Entries to date in the free for all gubernatorial race in Georgia include Judge N. S. Harris of Macon, J. H. Anderson of Savannah, Judge L. G. Hardman of Commerce, and William J. Harris, late director of the United States census. Another probable entry, and a formidable figure, is Solicitor General Hugh Dorsey of Atlanta, whose work in the prosecution of the Frank murder has brought him into considerable prominence.

HOW MUCH AND WHEN TO APPLY ROCK PHOSPHATE

Livingstone County Agricultural Adviser Addresses Meeting of Agricultural Advisers in Urbana.

Roy C. Bishop of Pontiac attended the meeting of agricultural advisers of the state at Urbana recently. His subject was rock phosphate, and the following is the paper prepared:

Practical results have not yet been sufficiently conclusive to warrant a positive statement as to the most economic amount of rock phosphate to apply per acre, except between quite wide limits.

F. I. Mann says he makes a big profit on the fourth ton of phosphate per acre. Certainly four tons of rock phosphate would make a new soil, with respect to phosphate.

Pot culture work conducted by Mr. Burleson at the College of agriculture, University of Illinois, with wheat, oats, timothy, rye and other grasses and clover shows a striking difference in the development of plants where one-half ton of rock phosphate per acre was used, as against plants grown with one ton of phosphate per acre. Pure sand was obtained for these cultures, and to this all the essential elements of plant food were added, except phosphorus, to the pots in the same amounts and in a soluble form. The increased development of plants where the amount of phosphate used was increased to ten tons is not great except in the case of clover, showing in this case one ton per acre is about the correct amount to apply.

500 Pounds Does Not Show. Local experience in Livingston county and central Illinois shows that an application of 500 pounds of phosphate does not give very noticeable or satisfactory results even where clover is grown. The result has been that many persons who thus started the use of rock phosphate have been discouraged and are not advocates of the use of phosphate.

Some fields in Livingston county, where small applications of phosphate were made five or six years ago are now showing the effect of the phosphate in the clover and no doubt would do also in the corn and oat crop if these were carefully weighed up. In the last two years, both of which have been quite dry, where one ton of rock phosphate was applied in the fall on young clover, the clover has made in many cases fully twice the growth that the untreated clover made in the same field the following season. Just about the same increased development has been had where only one-half ton of rock phosphate had been applied.

It may be that the slow results obtained six or seven years ago was due, in part at least, to the coarseness and the low percentage of phosphorus in the material. The phosphate purchased now in central Illinois is ground much finer and contains about 10 per cent more phosphorus than purchased in recent years.

The Illinois experiment station work and limited practical experience indicates that approximately one ton per acre, under normal conditions, is an economical and advisable application of phosphate per acre. In many cases, no doubt, one-half a ton per acre will give almost as good results, while probably in few cases, an application of over one ton will give satisfactory increased results for the amount of phosphate added over one ton. Of course, one ton of phosphate will give results much longer than one-half a ton.

Pays to Borrow Money and Hire Help. As for the recommendation which the county agriculturist should make in regard to the amount of phosphate to be used, he must be controlled in his recommendations by the circumstances under which he finds the farmer working—finances, help and distance from the station—realizing that one-half a ton of phosphate per acre will give fair results and thus serve the purpose of demonstrational education about as well as one ton. Where all these conditions are found, except that it is not necessary to bring about conviction as to the value of rock phosphate, the advice to apply one ton of phosphate per acre is warranted, even if the money must be borrowed, and help must be hired to apply it. The economic value of applying more than this under these conditions is doubtful. Where the land owner is in good financial circumstances nothing less than a ton per acre should be advised, if this material is needed at all.

Clover Can Use It First Year. As to the conditions under which phosphate should be applied there seems to be little room for argument. It is already almost common knowledge that results of rock phosphate are obtained quickest and in the largest measure when fed to clover or some legume crop and plowed under with it. Wisconsin experiment station has conducted several experiments in which it is shown that the fermentation of manure extending over a period of a year has no effect in rendering rock phosphate soluble. Under field conditions organic matter makes a marked difference in the development of plants. This difference may be due to the increased vigor of the plants, which are thus able to assimilate the crude phosphorus. It is an exceedingly noticeable fact in Livingston county that the clover plant is able to feed almost at once on raw rock phosphate. Phosphate applied to the clover fields in the fall has brought about doubled yields the following season. Clover is undoubtedly able to feed upon crude phosphate and in doing so it liberates large quantities of organic phosphorus, which if the clover is returned to the soil, is in the most soluble form for more delicate plants, such as corn and oats, to feed upon. If only the clover roots are left in the ground the available phosphorus of the soil will thus be increased.

Best Time to Apply. The best way to apply phosphate is not to apply and plow under at once with clover, but to apply it on

the clover land in time to aid the clover crop with which it is to be turned under. It is good practice to apply phosphate on land which is being prepared for oats and clover. Common barnyard manure is not to be compared to the growing clover as a digester and solvent of raw rock phosphate. It is, however, good.

ROY C. BISHOP,
Agent U. S. Dept. of Agriculture.

ILLINOIS ATHLETIC CLUB WINS FIRST HANDICAP TRACK MEET

Chicago Athletic Association Finishes Second With 38 Points—Northwestern Third With 12.

Chicago, June 20.—With a score of 48 points the Illinois Athletic club won an easy victory in its first annual handicap track meet in Grant park today. I. A. C. athletes won first place in six of the thirteen events and five of these first places were taken by two of the club's stars, Alvah Richards, formerly of Brigham Young university, and Joey Ray. Richards won individual honors with 15 points, winning first place in the broad jump, high jump and shot put, while Ray took the mile and two mile runs. The Chicago Athletic association ran second to its old rival, scoring 33 points. Schneeberger helped Northwestern pile up 12 points for third place by winning the discus throw with a heave of 137 feet, including a 10-foot handicap.

The University of Wisconsin counted 5 through the victory of Burke in the 120-yard hurdles, and Notre Dame won three through Bachman's taking second place in the discus.

MEET BAYLIS TODAY. The Eagles will meet Baylis at Nichols park this afternoon at 2:30. The Eagles' line-up will be as follows: Abell, 1f; Stewart, cf; White, rf; Wheeler, 3b; DeFreitas, ss; Downey, 2b; Woodman, 1b; Clarke, c; Simms, p.

MEXICANS TO CELEBRATE. City of Mexico, June 20.—Residents of the capital are preparing to observe their customary holiday tomorrow in celebration of the anniversary of the taking of the City of Mexico by the forces of General Diaz, June 21, 1867. The city had been held by Count von Khevenhuller, in command of the Hungarian veterans. General Diaz had maintained a siege for 69 days. The fall of the City of Mexico to the Liberal troops marked the last blow to the Imperialists and practically ended the long war of the Napoleonic invasion.

So far there has appeared no very serious opposition in Georgia to the re-election of Hoke Smith to the United States senate and the indications are that he will be named as his own successor.

Jacksonville Railway & Light Co.

How I Produced 12 Pounds of Beef From One Bushel of Corn.

I bought 44 cattle through Milton Marshall & Co., St. Louis, of Henry Wright, they averaged 961 pounds, March 19, 1914 in St. Louis. I put them in dry lots March 27th, fed them all they would clean up in 30 minutes, crushed corn, cob and all then cooked in the 50 bushel size Wood's Grain Softener.

I put them on grass May 25th, they averaged 1200 lbs. when put on grass. While in dry lot I gave each steer 5 lbs. clover hay. After they ate their grain, I kept out straw before them all the time, but they would not eat over one bale of straw per day. I fed at 6 a. m. and 6 p. m., at regular hours.

I measured the grain fed with a No. 8 scoop, feeding 50 scoops at each feed or 100 scoops per day, all they would clean up. I put in 20 bushels ground cob corn and all into a 50 bushel vat. This will fill it making 50 bushels feed, which makes 4 feeds, all they will clean up. I drew 50 gallons of syrup off and added 50 gallons of water, then added 1 1-2 bushels of ground oats and shorts, with which I a mfeeded 80 pigs that are doing well.

I will feed the cattle about 30 days longer and would be glad to have any one interested come and see them.

Persons violating this will be arrested and fined.
Geo. P. Davis,
Chief Police.

RED CROSS SEAL RECORD.

More than 44,000,000 Red Cross Christmas Seals were sold last December, according to a report issued by the National Association for the Study and Prevention of Tuberculosis, and the American Red Cross. In this way \$440,000 is netted for anti-tuberculosis work in various parts of the United States.

The sale in 1913 is a gain of 4,000,000 seals over 1912, or 19 per cent. It is hoped that this year the 50,000,000 mark will be reached. The seal design for 1914 has been selected and orders for printing of 100,000,000 seals have been placed. Plans for the organization of a larger sale this year than ever before have been perfected.

New York state lead the country last year with a sale of over 10,500,000 seals, or one for each man, woman and child in the state. Of this number, more than 6,825,000 were sold outside of New York city. Ohio came next with a sale of 2,800,000, Wisconsin third with 2,700,000 and Illinois fourth with 2,500,000. Hawaii sold the most seals per capita, the total sale being somewhat over two for each inhabitant. Rhode Island came next with a sale of two per person.

Beginning with a sale of 13,500,000 in 1908, in six seasons the revenue which these little holiday seals have brought to the anti-tuberculosis campaign has more than tripled, an aggregate for the period of over \$1,800,000 or 180,000,000 seals.

MOTORISTS MEET AT COURT HOUSE

A meeting of the Morgan County Motor club was held yesterday afternoon at the court house. Upon motion of E. W. Brown the executive committee of the organization was increased from five to fifteen members. The executive committee will be appointed by the chairman. Mr. Arthur French, and a meeting of that body called as soon as possible.

The officers of the recently formed association are as follows:
President—Arthur French.
Vice president—G. A. Leach.
Secretary and treasurer—Harrison King.

The executive committee is now composed of the above officers and W. E. Spoons and E. W. Brown. The membership fee of the club is only 50 cents and it is hoped that every automobile owner in Morgan county will join and help make the organization a booster for this locality. Over 100 names are already enrolled as members and the list is fast increasing every day.

It is the intention of the officers to arrange for an automobile day during Chautauqua week, to have a day especially designated for the motorist at the park. On that day possibly a prominent speaker on the good roads proposition might be secured and the whole affair made one big get-together movement for the auto owners.

The Jacksonville Civic League meets Tuesday night at 8 p. m. Election of officers and business of importance. Let us have a full house. Miss M. H. Demby, Prima Donna Mezzo, of Boston, Mass., will favor the league with two or more selections.

CHURCH SERVICES.

Grace M. E. Church—J. W. Miller, pastor. Sunday school at 9:30. Children's day service at 10:45. See the program in another column. Epworth league at 6:30. Preaching service at 7:45. Subject, "Playing to a Mad King." All are welcome to these services.

Mt. Emory Baptist Church—A. A. Russell, pastor. Preaching as usual at 10:45 a. m. and 8 p. m. Text for the day, Math. 22-37. Subject, "Lesson from the Hen and Her Little Chicks." There will be two special sermons delivered from this text and subject. At 2:30 a special program for Children's day will be rendered. Mrs. Bryant and Mrs. Moore, superintendents invite all to be present. Music by the choir and congregation. Next Friday evening is our regular church business meeting and all members are urged to be present.

Westminster Presbyterian Church—Corner West College avenue and Westminster street. L. H. Davis, minister. Bible school at 9:30. Morning worship at 10:45. Evening worship at 7:30. Special musical program. Preaching by the pastor. The public cordially invited to all services.

First Baptist Church—Topics for Sunday, June 21: Morning, "A Gem from Luther's Psalm. Evening, 'The Greatest Sentence Ever Written.'" Percy W. Stephens, pastor. Will preach at both services.

Congregational Church—Bible school at 9:30 a. m. Brotherhood Bible class at 9:30 a. m. Morning worship at 10:45. Evening worship at 7:30. Helen Brown Read will sing two selections at the morning hour.

Salem Evangelical Lutheran Church—East College street. Sunday school at 9:30 a. m. Public worship in German at 10:30 a. m. and in English at 7:30 p. m. Both services will be in charge of the pastor, Rev. J. G. Kuppler. Everybody cordially welcome.

Brooklyn M. E. Church—The pastor, Rev. W. W. Theobald, will preach both morning and evening. The subject at 10:45 a. m. will be "The Refining Fire," and at 7:45 p. m., "The Cost of Discipleship." There will be special music. The evening service will be held on the church lawn in warm weather. Sunday school at 9:30 a. m. Epworth league at 7 p. m. Reports from the district convention will be given. A cordial welcome to all services.

Centenary M. E. Church—G. W. Flagg, pastor. Sunday school at 9:30 a. m. Albert C. Metcalf, superintendent. Sermon at 10:45 a. m. subject, "The Revelation of I am." Subject of sermon at Central Park, at 6:30 p. m., "Timidity Secures a Blessing." Everyone cordially invited to these services.

Northminster Presbyterian church—Rev. W. J. Johnston, D. D., of Chicago will preach at the morning service. Rev. H. F. Cusick will preach in the evening. The pastor will go to LeRoy to give the Odd Fellows' address and he will preach morning and evening at the First Presbyterian church. Sunday school at 9:30 a. m. Prayer meeting Wednesday evening. All invited to worship with us.

Second Baptist church, Rev. H. H. DeWitt, pastor—Preaching at 11 a. m. and 7:30 p. m.; bible school 2:30 p. m. Mrs. L. Lafayette, director, and Mrs. A. Moore in charge of the intermediate department. The school will observe Children's day.

Central Christian church—Bible school at 9:30, Charles L. Mathis, superintendent; morning worship at 10:45. W. B. Groves of Petersburg will preach both morning and evening. Miss Florence Teal of Cincinnati, O., will sing. Evening service at 7:30 p. m. Bible school at South Side Mission at 2:45 in the afternoon; Christian Endeavor at 6:45. Amelia Carlson leader. Prayer meeting Wednesday evening at 7:40.

McCabe M. E. church, Rev. J. H. Noland pastor—Preaching 11 a. m. by Rev. Bolden; Sunday school 2:30 p. m. Mrs. Annie Jenkins, supt. No evening service.

ARE YOU GOING AWAY FOR THE SUMMER?

You will need the Jacksonville Journal and you can have it every day. If possible you will appreciate it even more highly than when you are in the city. It will be better than a long daily letter from your dearest friend at home. It will keep you in touch with Jacksonville, besides giving you, as always, all the news of all the earth.

Call up the Circulation Department, either phone, 64. Or if convenient to you and to prevent any possible mistake in transmitting telephone message, just mail a post card to The Jacksonville Journal Co., giving both the old and new address, and the change will be promptly made.

Price of Journal to any postoffice in the United States (address changed as often as desired) is ten cents per week.

Boston, June 20.—The prominence attained by Daniel Webster as a leader of the Massachusetts bar was publicly attested by a great gathering of judges and lawyers today at the old home of the famous statesman at Marshfield. The occasion of the gathering was the annual meeting and outing of the Boston University Law School association. The principal feature of the day's program was the placing and dedication of a bronze memorial tablet on a big boulder at the entrance to the Webster estate. The dedication address was delivered by Albert E. Pillsbury, former attorney general of Massachusetts.

The Ice-Man's Coming!

And have you got that refrigerator bought? Your ice bills depend entirely on your refrigerator. A poor one is frightfully extravagant; a good one saves money.

Let us show you some of our modern and sanitary refrigerators.

Every new idea in refrigerator construction is here; from the plain ice box to the elaborate, white-enameled cold storage plant.

Zinc, wood and white-enamel linings.

All sizes, grades, styles and prices.

Brady Bros., Hdw. Co.

We Keep Your Suit New!

The man who does not have his clothes dry cleaned and pressed frequently, does not get the full wear out of them.

Long before the clothes are worn out the lapels droop over, the coat front breaks, the sleeves wrinkle and pull out at the elbow, the trousers become baggy and lose their shape at the

Our service keeps them clean and fresh, keeps them shaped right and fitting perfectly until they wear out. It's not only an aid to good dressing—but a real economy, as well.

Take advantage of it frequently. bottom, and the entire suit looks old and disreputable.

There is Nothing Like a Trip to Yellowstone Park

I know of no other vacation spot in all the world that is in any way similar to Yellowstone. It is entirely different and offers to the vacation seekers, weary of the sameness—in ocean or land travel, or the monotony of the seashore or mountains—a distinctive outing that is unrivaled. Imagine the fascination of a six day stage tour of this great National Park, stopping daily at picturesque and well kept hostleries or permanent camps. Think of geysers, throwing out boiling water, waterfalls of immense heights—deep chasms with beautifully covered sides.

Let me give you a copy of our booklet showing maps, pictures and descriptions of Yellowstone Park, and the interesting trip en route. I will also gladly help you plan your trip and take care of the details—no obligation on your part because it's my duty. I am paid for it.

E. F. Mitchell, Ticket Agent.

POLITICS AND POLITICIANS.
William Sulzer has opened his
campaign as an independent candi-
date for governor of New York.
Thus far John A. Aylward of Mil-
waukee is the only candidate for
the Democratic nomination for Uni-
ted States senator from Wisconsin.
Roland H. Spaulding, a wealthy
manufacturer, is to be the Republi-
can candidate for governor of New
Hampshire at the coming election.
Johnson N. Camden, the new Uni-
ted States senator from Kentucky, is
a son of the late United States Sena-
tor Camden of West Virginia.

Fred H. Hall, a wealthy oil man
of Bakersfield, is the leading candi-
date for the Democratic nomination
for governor of California.
The Progressive party of South
Dakota has selected R. E. Dowdell
for United States senator and W. H.
McMasters for governor.

The new Nebraska law permitting
voting by mail will be tried for the
first time in the state and congress-
ional elections next November.

John D. Fredericks, who prose-
cuted the McNamara dynamiting cas-
e in Los Angeles, is a candidate for
the Republican nomination for gov-
ernor of California.

Republican, Democratic and Pro-
gressive national headquarters are
soon to be opened in Chicago to di-
rect the campaign for control of the
next congress.

FOR SALE—Seventeen acres of
good land close to town; good
house and barn. I. C. Baldwin,
Ill. 612. 6-16-6t

WORLD'S LATEST FINANCIAL AND MARKET NEWS

ROCK ISLAND NEWS AGAIN DOMINATES STOCK EXCHANGE

In Final Dealings List Breaks
Away From Rock Islands and
U. P. and U. S. Steel Advance

MOST OF TRADING PROFESSIONAL

NEW YORK, June 20.—The Rock
Island re-organization plan an-
nounced after the close of business
on Friday which if carried to fruition
promises to be the most complete
financial overhauling ever projected
in the annals of American railways,
again dominated business on the
stock exchange today. The securi-
ties of the original or operating
company which are clearly to benefit
under the terms of the new plans
made material gains while the com-
mon and preferred shares of the
Rock Island company one of two
holding companies which are to be
wiped out fell to new low records.
In the final dealings the list broke
away from the Rock Islands, and
under the lead of Union Pacific and
United States steel advanced to the
highest level of the week. Trading
was, however, of a professional char-
acter.

Sentiment was inclined towards
greater cheerfulness despite indica-
tion of further delay in the handing
down of the freight rate decision, the
new angle in the Mexican situation
an trade reports of adverse charac-
ter. The drain of gold from this
port was again reflected in the
weekly bank state, out, which show-
ed an actual cash loss of about \$8,
000,000 due entirely to that move-
ment.

ST. LOUIS LIVESTOCK MARKET.
National Stock Yards, Ill., June 20
Blakely-Sanders-Mann Company
in reviewing the livestock market
said: Cattle supply was very much
lighter this week, caused largely by
recent rains throughout the dry
belt of the country. Beef steers of-
fered averaged unusually good and
highest levels of year were reached;
top on heavies \$9.20. Values show
gain over last week of 25 to 35c;
Good to choice yearling steers and
heifers reached \$9.15 and show 25
to 50c higher; some of the fair
kinds selling \$7.75 to 8c are 75c
higher than last week. Cow trade
generally 25 to 40c higher on all
lands. Best feeders and stockers
25 to 40c above low level of last
week. Bulls 25c higher. Milkers
\$5.00 per head higher. Look for
heavier run next week and believe
market will be a little lower.

Hogs.
With a moderate run of hogs this
week, the market has advanced and
today with 5,000 on sale market was
active and 5c higher to \$8.47%.
Most of the good hogs selling \$8.35
to \$8.45; some light weights and
mixed grades \$8.20 to \$8.30; rough
packers \$7.75 to \$8.00; good weight
pigs \$7.90 to \$8.15; light pigs \$7.00
to \$7.75. Very few southern hogs
coming, but those here are not bring-
ing very satisfactory prices, selling
generally 75 to \$1.00 per cwt. un-
der above quotations. Don't look
for a very heavy run of hogs and
cannot see anything to indicate low-
er prices.

Sheep.
The sheep and lamb market closed
about steady today but indications
point to a lower market next week
with anything like a heavy run.
Prime native lambs sold \$9.25 to
\$9.50; Tennessee's \$9.25 to \$9.55;
prime light sheep around 5c; dark
faced breeding ewes \$5.25; heavy
sheep mostly 4c; bucks around
\$3.50.

Are Your Glasses Becoming?

You don't want awkward "all eyeglasses" looking glasses.

We have made a study of facial characteristics, and select the size, style and shape of eyeglasses most becoming to the face of the wearer. There is a "knack and know how" about proper eyeglass fitting and adjusting, that we have long ago discovered.

With the glasses we make, you look well from either side.

DECLARES GERMAN CARP IS VALUABLE FISH

Household Science Department at University of Illinois Presents Interesting Facts About Various Varieties of Fish.

The household science department of the University of Illinois has come to the defense of the German carp, which has been berated by the sportsmen of the state ever since it was introduced into Illinois rivers three decades ago. So well has the imported fish thrived in these waters that the Illinois river is now the greatest carp stream in America. It produces more than a third of the annual carp crop of the country and its carp amount to 70 per cent of the fisheries value of the state. Most of the fish have been shipped to New York and to the foreign districts of Chicago. Illinoisans have failed to recognize its merit as a cheap and wholesome food. But the university's scientific cooks have been experimenting with it and will shortly issue a bulletin commending it to Illinois housekeepers and describing methods of cooking it.

Carp Crop is Valuable.
The annual value of the Illinois river carp crop is alone \$50,000 greater than that of the whitefish yield of the whole United States and more than twice that of the black bass yield of the country, according to statistics recently compiled by the Game and Fish Conservation Commission of the state.

"The buffalo fish is another Illinois species which our people do not value according to its deserts," says a bulletin issued by the conservation commission. "It sells for a higher price per pound in the eastern cities than black bass. Its numbers have been decreasing of recent years; and one of the problems of the commission is to provide for its restoration and to correct, so far as possible, the conditions which have caused its decline."

Buffalo is Unique.
"The investigations of the natural history survey show that the buffalo and the carp, although similar fishes in appearance and habit, do not compete with each other on either their breeding or their feeding grounds, the buffalo frequents by preference deeper waters than the carp, and feeding mainly on the animal life of the open bottom, while the carp spawns and feeds among the weeds of the shallower water. As the buffalo diminishes in numbers, there is no fish in our lakes and streams to take its natural place."

"The whole subject of the needs of the Illinois river fisheries and of all other related interests is now under consideration by a joint committee of the Game and Fish Conservation Commission, the Rivers and Lakes Commission, the Natural Survey of the state, who are instructed to engage an expert for a thorough-going study and report on the Illinois river problem from all points of view."

ILLINOIS SUNDAY SCHOOL CONVENTION.

Carbondale, Ill., June 20.—Enthusiasm was the keynote at the opening of the 56th annual convention of the Illinois state Sunday school association in the First Presbyterian church here today. Large delegations of Sunday school workers from leading cities and towns throughout the state were in attendance. The sessions will continue two days, concluding tomorrow evening with a union meeting of the young people's societies, at which officers of the International Sunday school association and other prominent workers will speak.

STRAY TOPICS FROM OLD NEW YORK

New York, June 20.—According to Dr. Edward W. Stitt, one of the superintendents in charge of the recreation centre work of the board of education, it is a question of only a very short time when New York public school will be run all year around without any long vacation. This would look like bad news to the boys and girls of Gotham who look forward to the summer vacation as a pleasant rest from their school work. This is not the case, however, Dr. Stitt insists. The recreation centers and summer education work has proved so successful that the children, he believes, would not only be benefited by the continuation of school during the summer, but would actually be pleased by the recreation work being made part of the regular school curriculum.

William A. Brady, the theatrical manager, and Mrs. Brad (Grace George) have sailed for Europe to spend the summer. Mrs. Brady will spend her vacation quietly in England, but Mr. Brady has plans calculated to keep him exceedingly busy during his stay on the other side. In London he will engage that company that is to appear in the Drury Lane melodrama, "Sealed Orders," which he is to present at the Manhattan Opera house here next fall. He will also select the members of the two organizations which are to tour the United States and Canada next season in "The Whip." In Paris Mr. Brady will arrange with one of the French photo play concerns to produce "The Lone Wolf." In addition, he will conclude arrangements for the appearance in London next fall and winter of several of his recent American successes.

The negroes of New York have realized their long cherished plans to have a theatre of their own. This week the Bijou theatre, for years one of the famous Broadway playhouses, has been reopened as a theatre for colored people. The initial attraction was a musical comedy called "The Darktown Folies of 1914," presented by a colored stock company. All of the employees of the theatre are colored persons from the man in the box office to the ushers and water boys. The orchestra, too, is made up of colored musicians. The price of seats ranges from 25 cents to \$1. The management has announced that on certain afternoons each week white persons will be admitted to the show, but the chief object will be to afford a first-class entertainment for the colored people.

Under the auspices of the American Museum of Natural History, Alanson Skinner, who has devoted four or five years to studying the customs of the Menominee and the Plains-Cree Indians in Northern Wisconsin, where he has collected numerous trophies, and particularly a series of war charms, is about to leave for Oklahoma, where he will conduct an expedition in the interests of the museum. He will first visit the Iowa, Kansas and Missouri tribes in that region for the special purpose of studying their military societies and their ceremonials. After spending part of the summer in Oklahoma, Mr. Skinner will go to South Dakota, where he will remain among the Sioux Indians until late in the fall. Mr. Skinner was adopted as a nephew of one of the Menominee chieftains, and among the Indians he is known as Little Weasel.

The smallest tax bill that the city of New York collects is charged against a piece of Staten Island realty. At the junction of two streets in the village of Tottenville there is a plot of ground 4 feet 4 inches by 3 feet 1 inch. The yearly assessment on it is \$1, and the tax amounts to only 1 cent a year. This year the owner of the miniature lot neglected to pay the tax by June 1 as the law provides. The law prescribes that 7 per cent interest shall be imposed on tax bills not paid within the time limit. Now the receiver of taxes is in a quandary as to how to proceed to collect the interest. The smallest coin made by Uncle Sam is the 1 cent piece and in the present case it would be almost 15 years before the interest would amount to 1 cent.

After experimenting for 12 months with private pensions for a few families and studying conditions surrounding the other 500 families in its care, the New York Association for Improving the Condition of the Poor has decided that the state or city or private charity organizations should provide pensions for dependent widows and children. This decision is based, according to a report made by the association, on the health and efficiency of the children and mothers in the families to which the association granted pensions, as compared with the health and efficiency of the members of other needy families. Fifty pensions have been granted since the association began its experiment in December, 1912, and of these seven have been discontinued because the increased efficiency of the families made them unnecessary. Of the other 43 families, the report says, only eight of the mothers are working outside of their homes, and these are spending only a short time daily away from their children. In the case of the 500 families studied, which were not given regular pensions, the report says that nearly 200 of the mothers are working away from home and their children are necessarily neglected.

Nathan Cohen, a native of Russia, is at Ellis Island at the expense of one of the steamship companies having New York as a terminal. He will remain there until the United States government decides what is to be done with him. He came to this country from Brazil two years ago, and was allowed to land and proceed to Baltimore, where he had

friends. A year later he developed insanity and was ordered to be deported under the three year alien limit, and the steamship had to bear the expense of taking him back to Brazil. There the immigration officials authorities refused to permit Nathan to land. On his return to New York in the fall, he was taken to Ellis Island, and later sent to Russia, still at the expense of the steamship company which had brought him to New York in the first place. The Russian officials would not allow him to land there, as he had no papers to show that he was born in Russia, so Nathan was brought back once more to New York. Last March he was deported again to Brazil in the hope that he would be allowed to go to relatives in one of the Brazilian cities. But the Brazilian officials again refused to permit him to land, and in consequence he was again returned to New York. For the past two years Nathan has been able to live without the slightest expense to himself, taking two trips to South America and one to Europe. Unless there is a considerable cutting of red tape it appears likely he will spend the summer in the hospital at Ellis Island, in many ways a most delightful place, leaving Uncle Sam to pay the bills.

WARRANTS READY.

All warrants allowed by the County Board this week are now ready.

C. A. Boruff,
County Clerk.

BIG GATHERING OF MEDICS.

Atlantic City, N. J., June 20.—Eminent physicians and surgeons from all North America, with many from European countries, are coming into this resort by the hundreds today to attend the annual meeting of the American Medical association. It will be the 65th national convention of the association, and it will be the second time within five years that Atlantic City has been honored as the place of meeting.

The house of delegates, the legislative body of the association, will meet Monday to take up various matters that have been submitted for its consideration. The first general meeting of the association will be held Tuesday morning, and following this the delegates will divide into a score of sections.

The convention will be called to order by the president, Dr. John A. Witherspoon of Nashville, Tenn. The delegates will be welcomed in an address of Dr. Enoch Hollingshead, president of the Medical society of New Jersey. Then will come the installation of the president-elect, Dr. Victor C. Vaughan of Ann Arbor, Mich., and his address, which is to treat comprehensively of the recent advance in medical theory and practice.

Many eminent physicians will participate in the sessions of the various sections, and in consequence a week of splendid scientific work is anticipated. One of the features of the program will be a banquet which will be attended by several hundred women physicians.

"AD" Men TO MEET IN TORONTO.

Toronto, Ont., June 20.—Leaders of the advertising business from all sections of the United States and Canada are rallying to Toronto for the 14th annual convention of the Associated Advertising Clubs of America. The delegates will attend special church services tomorrow and on Monday the regular business of the convention will get under way. A record breaking attendance and a program that provides for the discussion of every angle of the advertising industry and numerous other matters of interest to the world of business, combine to give promise of the most notable convention ever held by the organization.

MOTION PICTURE EXHIBITION.

Toronto, Ont., June 20.—The first Canadian exhibition of the motion picture art, under the auspices of the Motion Picture association of Ontario, opened at the Arena in this city today in conjunction with their annual convention of the Ontario Exhibitors' league. The convention and exhibition will continue through the coming week.

Reo Motor Car Company

LANSING, MICH., June 9th, 1914

J. W. SKINNER, Reo Sales Agent,
Jacksonville, Ill.

DEAR SIR:

After consulting with many REO dealers, we wish to announce that our policy is to let well enough alone. There will be no change in the REO model, or the REO price this season.

In the past five years, during which our engineers have confined themselves to this model, the car has been brought to perfection. We have made changes as needed. Again and again important improvements have been added in mid-season.

Some of the Reasons Are These

No changes can be made in the way of improvements now. We reduced the price last year by \$220. In this way we anticipated all the economies of larger sale and output.

The demand for REO the Fifth—which continues to break all records—shows that buyers are satisfied. In this car today they are getting the best value that will ever be offered we think. We are not going to stand still. We shall keep on, as always, bettering this car as fast as we find a way.

We want you to join with us in keeping up the present enthusiasm for REO the Fifth. Tell every prospect that the car won't be changed. It is as good as we can make it.

Perhaps our rivals will offer some changes as usual. They may in this way try to stir up new interest. But they cannot offer more real value than we do. They can make no changes which will make their cars more formidable competitors. Reo the Fifth will hold the same advantage as it has today—the same appeal as a super-car. And every month's production which goes out to users places us in stronger position.

We shall continue our advertising in full force during the summer and fall. A little later we will announce a larger production—three new factory buildings. These we figure, will add forty per cent to our output. In an advertising way we shall stand right with you in keeping cars moving at the present rate against any competition, new model or old.

Base all your plans on these facts. Keep pushing the same as ever. Let it be known that this model is standard. That it represents, both in body and chassis, the best that we know about car building. And the price is the lowest that ever was offered on a car built like this.

Let buyers know that we are giving them our best in this car. That we haven't in mind anything newer or better or lower in price. WE ARE, AS WE ADVERTISE, BUILDING A CAR TO KEEP. Let men know that we shall not discredit it by any new announcement.

Very sincerely yours,

REO MOTOR CAR COMPANY

R. C. RENSCHAW, Sales Manager.

Spend Less Than \$5 Per Month to Keep Cool

There will be three or more months of real hot weather, the kind that will keep you busy trying to be cool and comfortable.

We are going to make a special drive on Palm Beach and Mohair Suits and White Serge Trousers. The qualities and patterns are the finest and the price will be way down.

And Think of This Also

The clothes we make you will be made to YOUR measure and to FIT YOU, not anybody, just so-so. And what is more.

Fully One-Half Left Over

That is, you will wear the suit all during this season, and because it was made for YOU, of the best materials, it will be good for yet another season.

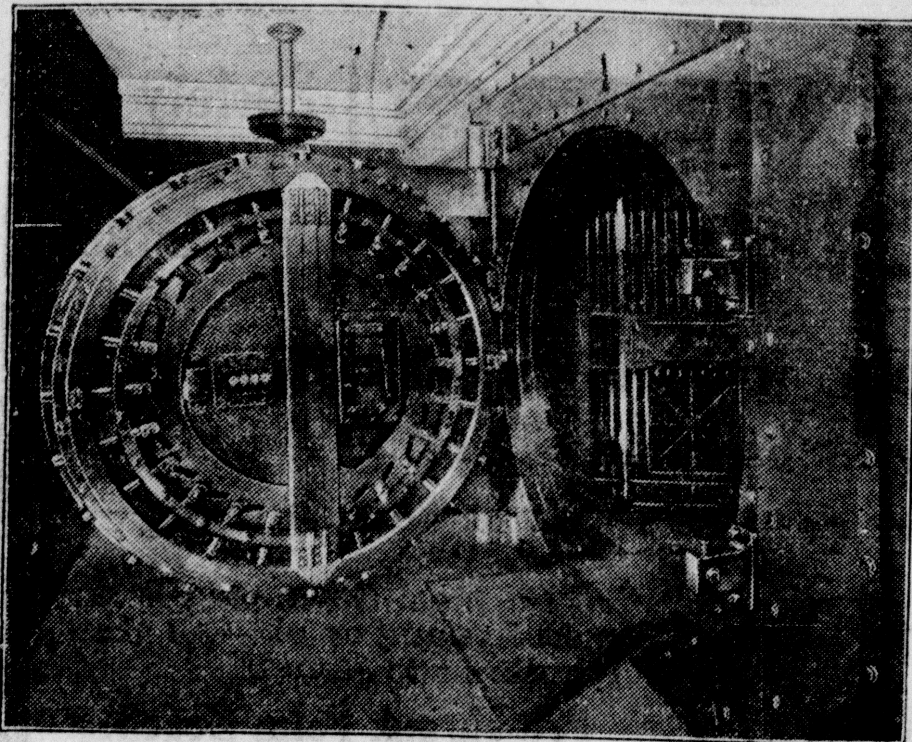

Come in tomorrow, look over our stock of beautiful goods and learn our low prices. All work done on our own premises by our own union tailors.

Should the occasion arise that makes a Dress Suit or Tuxedo necessary, we are prepared to make up these garments in the latest styles and of the best material at very fair rates.

The Ayers Safe Deposit Vault

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silverware not in use is dispelled when they are in a Safe Deposit Vault. It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

HOUSEHOLD SCIENCE YEAR BOOK ISSUED FOR YEAR

Subjects and Leaders For Next Twelve Months Announced.—List of Active Members.

The Household Science Year Book under the direction of the program committee composed of Mrs. Lane, Mrs. Putman and Mrs. Rawlings has completed the subjects and leaders of the meetings for the ensuing year as follows:

September 22—Hostess, Mrs. Camp.
"The many cares which fretted me I lost them yesterday"—Mrs. Cleary.
Way of Serving Fresh Fruit—Mrs. Camp.
Summer Reminiscences—Members.
October 20.—Hostess, Mrs. Carter.
Home Decorations—Mrs. Guthrie.
"Don't's"—Miss Hughes.
Supper Ideas—Mrs. Greenleaf.
November 17.—Hostess, Mrs. Robertson.
Guest Day—"Three Decades."
January 19.—Hostess, Mrs. Day.
Our Winter Evenings—Mrs. Vaught.
Pastry, Good and Otherwise—Mrs. Smith.

Fireless Cookers—Mrs. Dunlap.
February 16.—Hostess, Mrs. Dunlap.

Simplifying Sunday's Home Duties—Mrs. Crouch.
Household Helps—Mrs. Byrns.
Chafing Dish Menus—Mrs. Day.
March 23.—Hostess, Mrs. Byrns.
The Adjustment of Home Duties to Civic and Social Demands—Mrs. Carter.

A Luncheon Costing 20c per Capita—Mrs. Reeve.

April 20.—Hostess, Mrs. Elliott.
Vocational Training—Mrs. Gates.
My Favorite Dishes—Miss Ellis.
Demonstration, Laying the Luncheon Table—Mrs. Elliott.
May.—Hostess, Mrs. Cleary.
Just "As You Like It"—Mrs. English.

Officers of Club.
The officers of the club follows: President—Mrs. Kate S. Byrns.
Vice President—Mrs. Jennie D. Camp.

Secretary—Mrs. Francis L. Day.
Treasurer—Mrs. Mary E. Dunlap.

Active Members.
The following are active members of the society:
Mrs. Kate S. Byrns, Mrs. Jennie D. Camp, Mrs. Elizabeth D. Carter, Mrs. Minnie W. Cleary, Mrs. Mary H. Crouch, Mrs. Frances L. Day, Mrs. Mary M. Dunlap, Mrs. Cornelia S. Elliott, Miss Sue F. Ellis, Mrs. Sarah J. English, Mrs. Kate D. Gates, Mrs. Kate B. Greenleaf, Mrs. Ida B. Guthrie, Miss Eliza Hughes, Mrs. Ethel R. Lane, Mrs. Little P. Putman, Mrs. Nannie R. Rawlings, Mrs. Ella W. Reeve, Mrs. Kate R. Robertson, Mrs. Josephine N. Smith, Mrs. Helen W. Vaught.

ATTENTION EAGLES.
Members are requested to meet at the hall Sunday at 1:30 p. m., to attend the funeral of Brother Wm. H. Braner.

Fred Doht, Sec.
Frank U. Correa, Pres.

MRS. KENNEDY HONORED BY SACRED HEART ALUMNAE

At the recent annual banquet of the alumnae of Sacred Heart academy, Springfield, Mrs. Rose Carroll Kennedy of this city, wife of J. N. Kennedy, was honored by election to the vice presidency of the association. Miss Nellie Graham, Miss Gertrude Pfeiffer and Miss Nellie McGivney, of Springfield, were elected president, secretary and treasurer, respectively.

At the banquet the following program was given, with Monsignor T. Hickey, V. G., as toastmaster.
Toast—The Rev. Joseph O. Dwyer.

Welcome to class of '14—Miss Mary Barry, president.
Toast—Mrs. Rose Carroll Kennedy.
Toast—Very Rev. James Raymond Meagher, O. P.

NOTICE, REBEKAHS!

All members of Rebekah lodge No. 13 are requested to meet at the hall at 1:30 today to attend funeral of late Brother W. H. Braner. Visiting members invited.

Nellie McDougal, N. G.
Grace McCarty, Sec'y.

RETURNS FROM ARKANSAS.

Miss Alma Forsythie has returned from Arkadelphia, Ark., where she spent the winter as an instructor in Ouchita college. She has charge of the work in violin and has completed a very successful year.

GOOD ROADS MEETING PROMISES TO BE INTERESTING EVENT

Springfield-Hannibal Association Making Great Preparations—Gov. Dunne to Address Meeting in Central Park Here Wednesday Morning.

As announced recently the Springfield and Hannibal association of the Ocean to Ocean Highway will hold a picnic and good roads meeting at Griggsville next Wednesday. Early in the day automobiles will leave Hannibal and Springfield and will be joined by others all along the way. The Springfield party will include Governor Dunne and the intention is for the executive to make a brief speech in various cities along the way in the interest of the good roads movement. The Jacksonville meeting will be held in Central Park about 9:30 o'clock and a large company should greet the governor. A good many autoists are planning to join the governor's party here and proceed to Griggsville and certainly Jacksonville and Morgan county should be well represented at this meeting.

The fact that the Tice good roads law has been declared valid by the supreme court should result in giving further impetus to the good roads movement. Interest in the subject broadens as people come to full realization as to what good roads mean. There was a time when some people thought that automobile owners were the main-springs of the good roads movement but now the public recognizes that good and bad roads constitute one of the great economic problems of today.

The Ocean to Ocean Highway by the way is a trail leading from Colorado Springs, Colo., east to the Atlantic coast. The trail is blazed from Colorado Springs east to the east line of Morgan county. The Springfield-Hannibal association is in charge of the trail between the cities mentioned.

The trail is blazed with a white disc on which is a double pointed arrow in black. The trail leads from Hannibal east through Pike county to Valley City, thence to Bluffs and enters Morgan county west of Bethel thence east to Bethel, Chapin and into Jacksonville on Lafayette avenue and to the square thence on South Main street to Morton avenue and thence directly east along the Morton avenue and thence directly east along the Morton road and Wash-bash railroad through Arnold, Orleans and Alexander to the east line of Morgan county.

Ice cream made the right way with a White Mountain Freezer is easier to make than a pudding or a pie. All sizes from 1 quart to 10 quart, \$1.50 to \$5.00. Brady Bros. Hardware Co.

ELECTED TO OFFICE BY STATE DRUGGISTS.

The third vice presidency of the Druggists' association of Illinois was tendered Byron Armstrong of this city at the annual convention of the association last week in Fox Lake, Ill.

Resolutions were passed the closing day of the convention declaring opposition to the sale of habit forming drugs. The druggists desire an amendment to the pharmacy law, "that will absolutely control the sale of narcotic and habit forming drugs." They went on record as favoring a newspaper publicity campaign to help attain this end.

The officers of the association: President—W. F. Baum, Danville.
First Vice-president—Julius Riemenschneider, Chicago.
Second Vice-president—W. S. Denton, Beardstown.

Third Vice-president—Byron Armstrong, Jacksonville.
Secretary—W. B. Day, Chicago.
Treasurer—Chris Garver, Bloomington.

For Palm beach and mohair suits stop at Garland & Co. \$7.50 to \$16.50.

LEAVES FOR CALIFORNIA.

Mrs. Lizzie Shumaker and daughter, Miss Gladys Shumaker, left Saturday for Gardena, Cal., where they will reside. Mrs. Shumaker has been matron at the Illinois college club house for a number of years. Her husband, Reuben Shumaker and son Carl, are already in California. Miss Shumaker returned Friday from a short visit with friends in Mt. Vernon.

LOW NECK SHORT SLEEVE STRAIGHT PANTS ROMPERS, 50c. MYERS BROS.

UTILITY HEAD HERE.

James E. Quann, chairman of the State Utility Commission, and Mrs. Quann, are guests of Judge O. P. Thompson, West College avenue. This is the first visit of Mr. and Mrs. Quann to this city and they expressed opinions very favorable regarding the scenic beauty of Jacksonville.

Garland & Co. for the largest line of bags, suitcases and trunks in the city.

JUSTICE COURTS.

Mansfield D. Nicholas, charged with wife abandonment, waived examination in Squire Dyer's court Saturday and in default of his appearance at the November term of the circuit court, was committed to the county jail.

We are agents for the Streckfus Steamboat Line. Anyone contemplating a trip on the Mississippi, call and see us for particulars.
F. G. Farrell & Co., Bankers.

WILL TAKE SUMMER WORK.
Millere Keplinger of Franklin expects to leave Monday morning for Champaign to enroll for the summer courses at the University of Illinois. He will take work in the departments of Chemistry and German.

Palm Beach white and striped serge trousers at Garland & Co.

Dresses of Special Interest to Summer Tourists

Stay at home folks will be just as appreciative of these beautiful garments. This showing of white and colored dresses, that are advanced summer styles, are shown in all the popular summer materials such as voiles, in white hairline or flowered patterns, all the new crepes, both plain and printed effects; all are being shown at popular prices and are known for perfect fitting.

Dainty Summer Blouses Skirts Extraordinary Dress and Wash Goods

Many beautiful styles in dainty summer blouses in Voiles, crepes, sheer mulls, embroidered voiles and a host of other wash materials at \$3.50, \$2.50, \$2.25
In addition to our usual great values in fine dress skirts we are showing many smart summer skirts in new models and materials that launder beautifully at \$2.50, \$1.50, and
for summer at a showing of popular priced and beautiful wash goods in cotton and silk and cotton fabrics. We are confident that every buyer will be pleased with our showing of new crepes and beautiful voiles, at from 75c per yard to

HAS CONTINENTAL CURRENCY.

Major John A. Vickery Has \$6 Bill Issued in Days When Government Was in Its Infancy.

Major John A. Vickery of the Dunlap Hotel has a \$6 bill issued in the days when the government was in its infancy and which is quite a curio. On one side of the bill is a seal and the following is printed on it: "This bill entitles the bearer to receive 6 Spanish milled dollars; the value thereof in gold or silver, according to a resolution of Congress passed at Philadelphia February 1, 1776." Wood fiber is pressed into the reverse side of the bill and it also has silk thread in it. Major Vickery values the currency highly, not only because of its history, but because it was given him by his mother several years ago.

BALMACCANN SILK HATS. MYER BROS.

PICTURES FOR TROPHY ROOM.
Pictures of this year's football, baseball, track and basketball teams were placed recently by Coach W. T. Harmon in the trophy room at Illinois college. The trophy room collection is being gradually enlarged and becoming more valuable as a historical feature, and any pictures of the teams of former years would be welcomed, in order to make as complete as possible the athletic archives of the college.

The Eagles-Baylis game this afternoon will be a fast one. Don't miss it.

TO GO TO CHICAGO VIA MOTORCYCLE

John C. Evans and Fred Davey expect to start this morning for a motorcycle trip to Chicago. They will ride a twin Indian seven horsepower machine and expect to leave about 5:30 o'clock this morning.

"Plymouth" binder twice—the better kind, at Hall Bros.

WILL GIVE PUPILS RECITAL.
A recital of the pupils of Miss Inez Hucelby will be given at Brown's Music store Thursday evening at 8 o'clock. The public is invited.

MORTUARY

Wenzell.

Mrs. Henry Rholf of 735 South West street, received word Saturday morning announcing the death of her mother, Mrs. H. S. Wenzell, who passed away at her home in Springfield, Mo. Mrs. Wenzell has visited in this city a number of times and has many friends here who will be saddened to learn of her death. Mrs. Rholf expects to leave this morning for Springfield to attend the funeral.

Corrington.

Mrs. W. B. Brown of West State street received word Saturday morning announcing the death of her uncle, James Corrington, who passed away at his home in Gower, Mo. Saturday morning. Mr. Corrington was 84 years of age.

Luce.

Mrs. Lincoln Luce who underwent an operation for appendicitis and gall stones at Passavant hospital, died Saturday evening at 5 o'clock. Her maiden name was Nellie Lewis, daughter of Mr. and Mrs. Thomas Lewis, who lived south of Jacksonville, where she was born 35 years ago. She married Lincoln Luce March 19, 1910, and besides her husband she leaves two children, John Harvey and Kenneth Eugene. Her parents died several years ago and she leaves two brothers, Henry and Edward Lewis, of Tallula.

Since her marriage the family have been residing on a farm near Little Indian. She was a member of the Christian church and possessed of a lovable disposition and kind heart.

The funeral will be held Monday afternoon at 1 o'clock from the residence of her aunt, Mrs. Amanda Watts, five and a half miles south of Jacksonville, in charge of Dr. G. W. Miller of Woodson. Interment will be made in the Lewis cemetery.

For Palm beach and mohair suits stop at Garland & Co. \$7.50 to \$16.50.

ELLIOTT STATE BANK.

This Bank, with its AMPLE CAPITAL, unexcelled equipment and a record of nearly HALF A CENTURY of safe and conservative banking, offers to its friends and patrons every facility and convenience of business as well as SAFETY and SECURITY.

Special attention is called to this time to their SAVINGS DEPARTMENT, opened a year ago, the growth of which has been steady and gratifying. Interest is allowed on SAVINGS DEPOSITS at the rate of Three per cent per annum. SAVINGS DEPOSITS received on or before JULY 10TH, 1914, will bear interest from the FIRST of that month.

You can be both well dressed and comfortable in a Faultless day shirt. Complete lines at Frank Byrns' Hat Store.

BIRTH RECORD.

Born, to Mr. and Mrs. J. F. Brown of 1205 West College avenue, a son, James Mount Brown.

Putting Up Fruit

This is not an extra good season for "canning fruit" but no doubt you will make a few jars of jam or jelly anyhow. Currants, raspberries, and blackberries are in season and we have the jars, caps and all other needed accessories.

REMEMBER, there is no need to stand over a hot stove this summer preparing the family meals. You can get a wide variety every day from our delicatessen department.

CIRCUIT COURT WILL CONVEENE MONDAY FOR THREE DAYS

Time for Arguing Motion for New Trial in Henry Case to Be Fixed by Judge Jones — Tuition Law Case to Be Heard—Concord Incorporation Suit.

Judge Norman Jones will be in Jacksonville tomorrow and the circuit court will be convened for three days. The only case set for Monday is the Central Life Insurance Co. vs. R. C. Washburn. This, however, is not a suit of great importance, as the amount involved is not large. It is likely, however, that Judge Jones on Monday, after conference with attorneys, will fix time for arguing the motion for a new trial in the case of John Henry, convicted on the charge of manslaughter for the killing of Charles Ezard.

The motion will probably not be argued just at this time, although it is understood that W. N. Hairgrove, one of the attorneys for the defendant, has been actively at work during recent days in preparing argument on which a new trial will be asked. Judging from some of the investigations which have been carried on it is the intention of the defense to present, among affidavits substantiating their claims, several to the effect that various jurors expressed an opinion relative to the guilt of the accused prior to the time of the trial. Various errors of record will also be maintained.

To Test Tuition Law.

The other important case set for Wednesday is J. C. Swain vs. L. J. Stewart, G. L. Stice and Edgar Cully, directors of school district No. 40. This is a suit in assumpsit brought for the purpose of testing the validity of the Illinois tuition law. The requirement of this law is that directors must pay the tuition of pupils in their district in some high school in adjacent territory so long as high school is not maintained in their own district. In this case, it is understood, the directors are not setting forth that the district had not sufficient funds to pay the tuition of any children from their district who may desire to attend the Jacksonville high school, but are basing their defense solely upon the validity of the law. The purpose of the attorneys for the defense will be to show that the law is unconstitutional. Worthington, Reeve & Green will appear in this case for the prosecution and the school district will be represented by Kirby, Wilson & Brockhouse.

Our farm gates are strong and well made. Crawford Lumber Co.

WATCHMAN ONLY ONE MISSING OF EXCURSION STEAMER'S CREW

Steamer Majestic Sank in Twenty Feet of Water and Will Be a Total Loss.

St. Louis, June 20.—Of the forty-nine persons on board the excursion steamer Majestic when she was wrecked north of here this morning only one, William Cuthbert of Peoria, a watchman, still was missing late tonight. The others got ashore without injury.

Although red lights are said to have been burning on the cribbing of the water tower which the boat struck officers of the Majestic said they did not see them. The steamer sank in twenty feet of water and probably will be a total loss. She was owned by the Wisherd company of Quincy, Ill., and was valued at \$60,000.

Rich and pure are the words which characterize the products of the Jacksonville Creamery.

THE DRAINAGE CASE.

In the reference yesterday to the fact that road district No. 6 will carry to the supreme court the question of the payment of an assessment for Mauvaisterre creek district, P. P. Thompson should have been mentioned as one of the attorneys. Mr. Thompson took the case originally and afterward Worthington, Reeve & Green became associated with him.

Faultless Day shirts are just what the name implies. A great line at Frank Byrns' hat store.

ACQUIRE OTHER LINES.

The Adams Express company has secured the contract to handle the business on the following roads, Pere Marquette, Delaware, Lackawanna and Western, Lake Shore and Michigan Southern, Illinois Traction System, Chicago and Milwaukee Electric.

GETTING INTO THE COUNTRY.

There is pleasure in a hundred mile auto trip but now the real restful enjoyment that comes with a country drive is one of Cherry's high class outfits. Your favorite horse awaits an early call today.

MR. AND MRS. MYERS RETURN.

Mr. and Mrs. Harry Myers, who were married recently, returned to the city Saturday evening. They spent most of the time away at Quincy. Mrs. Myers was formerly Miss Agnes Wakely of this city.

Everwear hosiery is made to fit and wear. There's lots of quality in this line. Frank Byrns' Hat Store.

FUNERAL NOTICE.

The funeral of William Brancer will be conducted this afternoon at 2:30 o'clock from the family residence, 411 South East street, with burial in Diamond Grove cemetery.

PETITION IS COMPLETED.

Columbia, Mo., June 20.—The 25,000 names have been signed to the petition necessary to the submission of a constitutional equal suffrage amendment in November according to an announcement made here today by Mrs. Walter McNab Miller, of Columbia, head of the equal suffrage movement in Missouri.
